Order thereon. No 351-90 L.F. 37-1903

D 4/11/03

It is observed that as in

as in previous years. There were ten Local Fund Boards including the Kolar Gold Fields Sanitary Board. A Regulation to make better provision for the Constitution of Local Boards to administer the Expenditure of District Funds in Mysore and to define and regulate the powers to be exercised by those Boards was passed on the 15th day of June 1902.

2 The number of meetings held during the year in each circle as contrasted with that of the previous year is given in the following Statement.

Sl No	Local Fund Circles	Meetings held during 1900-01	Meetings held during 1901-02
1	Bangalore	4	4
2	Kolar	4	3
3	Kolar Gold Fields	8	7
4	Tumkur	4	3
5	Mysore	3	3
6	Seringapatam	3	3
7	Hassan	4	3
8	Shimoga	4	4
9	Kadur	5	3
10	Chitaldroog	4	4

The number of meetings held in each of the circles was less than the prescribed minimum (four). No explanation has been given for not holding one more meeting in Kolar and French-Rocks, but in the remaining circles the omission is stated to have been partly due to the prevalence of plague and partly to there having been no important subjects for discussion. The explanation cannot be accepted. The prescribed number of meetings should be held invariably in future.

In French-Rocks, the Civil Surgeon among the official members and Mr K. Shamaiengar among the non-official members, appear to have absented themselves from all the meetings of the Board. This is unsatisfactory. In the

Whole, however, the attendance of members was satisfactory, except in Shimoga, where plague seems to have interfered with its

The Presidents of the Bangalore, Kolar and Tumkur circles report that the non-official as well as official members have taken interest in assisting the Boards in the administration of the funds entrusted to their charge, while the other reports are silent on the point. This information which is most important should have been furnished

3. Appendix I shows that the total income credited to the District Funds during the year 19[illegible] rose from Rs 5,92,272 to Rs 6,10,193 or by Rs 17,921. This increase of Rs 100 on [illegible] 76 per cent of the is due to larger revenue collected

collected in all the circles except the Hassan and the Kolar Gold Fields, the increase in the Mysore District being the result of the introduction of the survey and settlement into the Ramjangad Taluk. No explanation has been furnished for the decrease of Rs. 1,732 and Rs. 70 in respectively the Hassan Circle and the Kolar Gold Fields. In the Kolar Gold Fields however there was a marked increase of Rs. 1,698 over the collections viz Rs. 5,918 in the previous year under Slaughter fees, 'market sale fees' and 'rents from the Cooly Sheds recently constructed by the Board. In Hassan, however, there was a decrease under 'Rents' owing to the Ranganathaswamy temporal Chatram having remained unoccupied

in Arabic ?

incapacitated for a period of three months during the prevalence of Plague.

The finances of the Hassan Board are reported to be in an ~~insolvent~~ unsatisfactory condition, and the President states that unless relief is afforded to the Board by transfer to the Provincial Funds some of the District Fund Roads, such as, Arsikere-Hassan Road, which has acquired provincial importance owing to heavy traffic, they will have to content themselves with merely looking after the annual maintenance of roads by the Public Works Department and the upkeep of some Hospitals and Dispensaries ~~and be prevented as hitherto from taking up any original work however necessary~~. This will be separately noticed

1. The details of

pen

receipts are shewn in the Comptrollers Statement of receipts and expenditure marked A, from which it will be observed that Rs 5,22,591 or 85.1 per cent of the total revenue was contributed by 76 per cent of the Local Cess, Rs 31,783 or 5.2 per cent from Cattle pounds Rs 17140 or 2.8 per cent from Tolls, Ferrie and Bunder fees, and the rest from miscellaneous Sources.

If the revenue thus collected during the year be distributed over the population in rural tracts, the incidence per head of population would be annas 2 pie 0.2 was of which annas 1 pies 8.7 from the Local Cess

on Land Revenue etc, Rs 1.3
from Abkari Rs 0.7 from
Tolls and Fees etc and the
rest Rs 1.5 from Miscella
neous Sources such as rents,

5. Appendix I also shows
the details of ~~total~~ Expenditure in-
curred during the year
which rose from Rs 5,68,88
to Rs 5.85.435 the increase
being chiefly on the Kolar
Gold Field where it was
Rs 39,695 against Rs 8,367-
in 1900-1901.

~~The details of Expenditure~~
~~incurred during the year~~
~~1901-02 are furnished in the~~
~~Comptroller's accounts for~~
~~the year 1901-02 above re-~~
~~ferred to~~. Out of the total
expenditure of Rs 5.85-435
Rs 3,69,036 or 63.04 per cent
was spent on works execu
ted by the Public Works Depart
ment and Rs 85360 or 1

cent on works executed
as shewn in the appended Statements A, A & B
by the Revenue Agency. The
rest of the expenditure
incurred by the latter agency
being on account of other
charges ~~as shewn in the~~
~~Appended Statement A~~

This shows that the ex-
penditure per head of popu-
lation in rural parts
was annas 1 pies 11.1 of which
pies 11 were spent on roads,
pie 0.9 on bridges and
tunnels, pies 1.3 on miscella-

pies 2.6 on Medical relief,
pie 0.7 on Travellers' Bungs
pies 1.9 on Conservancy and

pie 0.3 on Cattle Pounds and
the rest on other miscella-
neous items such as
~~Establishments &c~~

7. It is observed that the
~~figures~~ Statements receipts and
expenditure for the year 1901-02
as given in the reports
furnished by the Presidents
differ

differences from those given in the Comptroller's Accounts as noted below. The Comptroller is requested to explain the cause of difference in consultation with the Presidents concerned

7. The percentages of closing balances to receipts are given below. It is observed that the balances are less than the prescribed minimum in the Kolar Gold Fields Sanitary Board and the Protected Fund Boards of Kadur and French Rocks. In the former Sanitary Board, this deficit is due to no credit having been afforded to the Board during the year fo

the loan of Rs 20,000/- is sanctioned by Government, whereas the expenditure incurred on works, for which the loan was sanctioned, has been debited against the income in the accounts of the year 1901-02. But though the financial condition of the Kadur and French Rocks circles was better than that of the previous year on account of the transfer of some District Fund Roads costing Rs 9,370/- to Provincial Funds, their balances did not reach the prescribed minimum. ~~and~~ Steps should therefore be taken to maintain the usual working balance especially in the Kadur District.

10. The appended Statements 2 and 3 shew that out of the total expenditure of Rs 1,22,714 incurred on original works by the Public Works and Revenue Departments, a sum of Rs 39,353 was spent on roads, Rs 22,710 on bridges and tunnels, Rs 12,152 on Musafirkhanas and Travellers Bungalows, and the rest on drinking water wells and other miscellaneous public improvements

11. The aggregate expenditure incurred by the Public Works and the Revenue Departments on repairs during the year 1901-02 amounted to Rs 2,66,747 as shewn in the appended Statements 4 and 5. Of this Sum, Rs 2,45,78, were spent on roads, 1904 on bridges and tunnels, Rs 9801 on Musafirkhanas and Travellers' Bungalows and the rest on drinking water wells and other miscellaneous

public

public improvements

12. The amount Sanctioned the expenditure incurred on works and the amount that lapsed during the year are shewn in the following Statement

From the above it appears that the percentage of lapses under

under A. Public Works" ranges between 1.4 lowest in Kolar and 19.5 highest in Kadur, while under "B. Public Works" it ranges between 2.1 lowest in Bangalore and 73.5 highest in Hassan. Under "B. Public Works" the lapses were heavy in all the Districts except Bangalore.

and indicate that there is great need for improvement.

These have not been satisfactorily accounted for. The Presidents concerned are requested to see that, in future, sanctioned allotments are utilized as fully as possible, and that satisfactory reasons are assigned for unavoidable lapses.

13. The appended Statement No 6 exhibits details of expenditure incurred under Civil charges in the various Local Fund circles as compared with those of the previous year

11. The number of medical institutions supported from District Funds, the number of patients treated in them and the cost incurred in the several Local Fund Circles during the year, as compared with those of the preceding year are given in the following statement. During the year, the number of Dispensaries maintained from the District Funds remained the same as at the end of the previous year, as the dispensary sanctioned for White Field was not opened for want of suitable accommodation, and proposals for opening the new dispensary at Varthur instead of at White Field are under the consideration of the District Fund Board. The number of patients treated in the existing dispensaries is also from

owing to decrease under furniture and contribution towards Dispensary Buildings

from 6,26,244 to 1,44,975 while the cost fell from Rs 42,860 to Rs 39,408 X The Hospital at the Kolar Gold fields is maintained from State funds

15. Midwives The following Comparative Statement exhibits the

the number of Midwives employed in the several Local Fund Circles the number of cases attended to by them and the Cost incurred from District Funds during the years 1900-01 and 1901-02. At the end of the year under review there were 78 Midwives or 2 more than in the preceding year.

The reports of the Bangalore and Chitaldroog Circles do not contain statements shewing the number of cases attended to by each midwife and the cost incurred on her account. Such omissions should be avoided

16. Travellers Bungalows and Musafirkhanas. The Musafirkhanas at Nelhal and Maddagiri and the old one at Huliyar were removed from the list of under Govt Progs no 2052-3 L.J. 71-94 dated 2nd August 1901. The particulars shewing the number of 3rd Class Travellers' Bungalows, Inspection Lodges and Musafirkhana which existed at the end of the year under report, the number of baths made and the fees collected from travellers thereon are shewn in the appended Statement No 7. The increase in the number of

of Bungalows in Bangalore and of Musafirkhanas in the Nassan and Shimoga Local Fund Circles should have been accounted for

It is satisfactory to note that the Travellers' Bungalows and Musafirkhanas were more largely resorted to by the travelling public as evidenced by the increased number of halts made by them But it should be explained why the income from fees collected from the Travellers' Bungalows was less in the Local Fund circles of Tumkur Mysore French Rocks, Shimoga and Chitaldroog notwithstanding the fact that the number of halts made during the year 1901 was much in excess of that in the year preceding

17. Conservancy The following Statement shows the expen-

incurred on account of Special Conservancy establishments opening up of congested parts, filling in manure pits etc, in rural parts of the several Local Fund Circles. The expenditure incurred was Rs 16,725 which is much less than that of the previous year. Greater attention should be paid to Village Sanitation and as much money spent on it as may be practicable, and urged

In Hassan 57 persons were prosecuted before the Magistrate under these rules and resulted in the conviction of 53 persons. Government regret to observe that the reports from the other circles have not furnished information in this matter. 19. Vaccination. The pay of the Taluk Vaccinators and of the Deputy Inspectors of Vaccination was, as usual, debited to the Medical Budget the pay and batta of the peons attached to the Deputy Inspectors of Vaccination, & the cost of lymph being debited to the District Funds. The report of the Kolar Gold Fields Sanitary Board does not embody statistics shewing the number of Vaccinators employed and the result of their operations. The attention of the President is invited to para 20 of Proceedings No. 15153-92 dated 21st April 1903 and he is requested to submit with his future report a return of vaccination as therein directed. The

The information furnished in the remaining reports shews that 59,230 persons were vaccinated during the year 1901-02 as against 44,943 of the preceding year (as per particulars given in the appended Statement No. 8).

20. Vital Statistics. Appendix 9 exhibits the results shewing the number of births and deaths registered during the year. The total number of births rose from 75,743 to 75,861, and the total number of deaths from all causes from 86,410 to 92,252.

21. Contribution. On account of the District Fund quota of the cost of the construction and repair of Dispensary buildings and for the maintenance of District Fund Roads lying within the limits of the Head Quarter Municipalities an expenditure

The total revenue realized from these sources the year under review, was Rs 4,249.

Order thereon -------

It is observed that, as in previous years , there were ten Local Fund Boards , including the Kolar Gold Fields Sanitary Board , ~~the affairs of which were managed~~ under the late Chief Commissioners Notification No 1110 dated 4th July

Space only for text & Flag 4.)

July 1874 and the rules published with Notification No 3241 / Leg 2o dated 4th September 1899. A Regulation to make better provision for the constitution of Local Boards to administer the expenditure of District Funds in Mysore and to define and ~~to~~ regulate the powers to be exercised by those Boards was passed on the 15th day of June 19o2 , ~~and the rules thereunder are under the consideration of Government~~ .

2. The number of meetings held during the year in each Circle as contrasted with that of the previous year is given in the following statement .

Local Fund Circles .	19[illegible]	19o2.
1. Bangalore	4	[illegible]
2. Kolar	4	3
3. Kolar Gold Fields	8	7
4. Tumkur	4	3
5. Mysore	3	3
6. French Rocks	3	3
7. Hassan	4	3
8. Shimoga	4	4
9. Kadur	5	3
lo. Chitaldrug	4	4

The number of meetings held in six of the Circles was less than the prescribed minimum (four). No explanation has been given for not holding one more meeting in Kolar and French Rocks , but in the remaining Circles the omission is stated to be partly due to the prevalence

of

or plague and partly to there having been no important subjects for discussion . The explanation cannot be accepted , and the prescribed number of meetings should invariably be held and the subjects specified in Proceedings No 6098-6106 / L.F. 210-92 dated 1st November 1892 and Notification No 110 dated 4th July 1874 should be brought up for discussion .

In the French Rocks , the Civil Surgeon among the official members and Mr. K. Shamiengar among these non-officials appear to have absented themselves from all the meetings of the Board . This is unsatisfactory and the explanations of the members concerned should be obtained and submitted . On the whole , however, the attendance of members was satisfactory , except in Shimoga where plague seems to have interfered with it

2. Appendix I shows that the total income credited to the District Funds during the year 1901-02 rose from Rs 592272 to Rs 610193 or by Rs 17921 and the total expenditure from Rs 568888 to Rs 585435 or by Rs 16547 , thereby raising the closing balance from Rs 265527 to Rs 290285

The percentage of charges to receipts in each of the Local Fund Circles as compared with that of the previous year , is given below :-

Local Fund Circles.	Percentage of charges.	
	1900-01	1901-02
1.Bangalore	99.83	77.63
2.Kolar	109.41	99.63

9.Kadur	99.74	84.01
10.Chitaldrug	99.48	106.94
Total	96.22	95.94

5. The details of receipts are shown in the Comptroller's statement of receipts and expenditure, from which it will be observed that Rs.522591 or 85.6 per cent of the total revenue was contributed by 76 per cent of the local cess, Rs.31733 or 5.2 per cent from cattle pounds, Rs.17140 or 2.8 per cent from tolls, ferries and Pergunda fees and the rest from miscellaneous sources.

6. The details of expenditure incurred during the year 1901-02 are exhibited in the Comptroller's accounts for the year 1901-02. Out of the total expenditure of Rs.555435, Rs.369036 or 66.04 per cent was spent on works executed by Public Works Department and Rs. 85360 or 14.5 per cent on works executed by the revenue agency, the rest of the expenditure being on account of other charges

The percentages of closing balances to receipts are given below. It is observed that the balances are less than the prescribed minimum in the Kolar Gold Fields Sanitary Board and the District Fund Boards of Kadur and French Rocks.

In

In the former, viz Sanitary Board, this deficit is due to no credit having been afforded to the Board during the year, of the loan of Rs.20000 sanctioned by Government, whereas the expenditure incurred on works, for which loan was sanctioned, was debited against the income in the accounts of the year 1901-02. But though the financial condition of Kadur and French Rocks Circles was better than that of the previous year on account of the transfer of five District Fund roads costing Rs.9370 to Provincial funds, their balances did not reach the prescribed minimum and so steps should be taken to maintain the usual working balance especially in the Kadur District.

In Kadur as well as French Rocks, closing balances in 1900-01 were debit-balances as negative signs indicate but in 1901-02, they are credit-balances

8. The appended statements 2 and 3 show that out of the total expenditure of Rs.122742 incurred on origina works by the Public Works and Revenue Departments, a sum of Rs.32353 was spent on roads. Rs.22710 on bridges and tunnels. Rs.12152 on Musafirkhanas

safirkhanas and travellers bungalos
d the rest on drinking water wells
d other miscellaneous public improve-
nts.

The aggregate expenditure incurred by
e Public Works and Revenue Departments
repairs during the year 1901-02 amount
d to Rs.26,747, as shown in the append
d statements 4 and 5. Of this sum, Rs.
6789 were spent on roads, 1804 on
idges and tunnels, Rs.9801 on Musafir-
anas and travellers bungalows, the rest
drinking water wells and other mis-
llaneous public improvements.

The amount sanctioned, the expendi-

the above it appears that the per-
tage of lapse under "A.Public Works"
es between 0.5 lowest in Hassan and
highest in Kolar Gold Fields, while
er "B.Public Works" it ranges between

6.9 lowest

3.9 lowest in Kolar Gold Fields and 74.2 highest in Kadur . The large lapses in Mysore under "B Public Works" was due to non-receipt of bills in time from Taluks, to no expenditure having been incurred for roofing the platforms at the Santemarahalli market and to the non-utilization of the full amount provided for village Sanitary works . In the Hole Narsipur Taluk of the Hassan District and certain Taluks of the Shimoga District , no works were executed although the Amildars concerned had been warned to see that works were promptly executed , without allowing the sanctioned allotments to lapse. No explanation is given for lapses in other reports. This is not satisfactory , and Presidents are requested to see that in future, sanctioned allotments are utilised as fully as possible and reasons are assigned for unavoidable lapses .

11. The appended statement No 6 exhibits details of expenditure incurred under Civil charges in the various Local Fund Circles as compared with those of the previous year.

12. The number of medicial institutions supported from District Funds, the number of patients treated in them and the cost incurred in the several Local Fund Circles during the year as compared with those of the preceding year are given in the following statement . During the year , the number of dispensaries maintained from the District Funds remained the same

as at the end of the previous year, as the dispensary sanctioned for White field was not opened for want of suitable accommodation , and proposals for opening the new dispensary at Varthur instead of at Whitefield are under the consideration of the District Fund Board. The number of patients treated in the existing dispensaries rose from 626244 to 744975 , while the cost fell from Rs 42850 to 39408.

13. Midwives .The following comparative statement exhibits the number Midwives employed in the several Local Fund Circles , the number of patients treated by them and the cost incurred from District Funds during the years 1900-01 and 1901-02 . At the end of the year under review there were 78 Midwives or 2 more than at the end of the preceding year. The fact that the place of the relieving Midwife which had been vacant for a long time in Chitaldrug was filled

up in April 1901 accounts for the increase shown against Chitaldrug , but the decrease against Shimoga has not been accounted for and was probably due to vacancy not being filled up Moreover the present reports of the Bangalore and Kadur Circles state that the number of Midwives was the same as in the year 1900 -01 , but the respective reports for the year 1900-01 show 2 and 1 less respectively against them. These discrepancies and omissions should have been explained

The reports of the Bangalore and Chitaldrug Circles do not embody statements showing the number of cases attended to by each Midwife and the cost incurred on account of her and the former does not even give the aggregate number of cases attended to by all the Midwives in the District . Such omission should be avoided . From the information furnished ,it appears that the total number of patients treated in all but the Bangalore Circles was 3429 or 17 less than that of the previous year, while the aggregate cost incurred by all the Boards was in excess of that of the previous year by Rs 672.

The figures above given do not include the number of cases attended to by the Kolar Gold Fields Midwife maintained from the Medical Budget or by those entirely supported from Municipal funds .

14. Travellers Bungalos and Musafirkhanas . The Musafirkhanas at Mulbal, Maddageri and the old one at Huliyar were removed from the list under Proceedings No 2c52 -53 / L.F. 71-94 dated 2nd August 1901. The particulars showing the number of III rd class Travellers Bungalos Inspection Lodges Musafirkhanas , which existed at the end of the year under report , the number of halts made and the fees collected from travellers halting therein are shown in the appended statement No 7 , The increase in the number of Bungalos in Bangalore and of Musafirkhanas in the Hassan and Shimoga Local Fund Circles should have been accounted for.

15. Conservancy The following statement shows the expenditure incurred on account of special conservancy establishment , opening conservancy lanes and congested parts , filling manure pits &c in rural parts of the several Local Fund Circles . The expenditure incurred was Rs 13725 which is much less than that of the previous year. As regards the large decrease in Kolar and Hassan , the Presidents explain that it is chiefly due to the lack of supervision on the

part

part of the Work Inspectors . The former adds that works of a permanent nature such as the opening of roads and conservancy lanes , making drains , removing old walls &c are being undertaken in preference to other works and the latter considers that there is an urgent necessity for a definite number of permanent staff of work Inspectors. This is not quite satisfactory as the higher officers should have supervised the works instead of throwing the entire responsibility on the Work Inspectors .

16. The rules under the Village sanitation Regulation were introduced into all villages containing more than 100 houses in the Bangalore Circle and into 439 villages in the Tumkur Circle, ~~the Amildars of which evinced interest in inducing the villagers to keep their villages and surroundings clean . A sum of Rs 55-7-0 was collected as fines in the former for breach of these rules . In Hassan 51 cases against~~

Not

57 persons were ~~presented~~ prosecuted before the Magistrate under these rules, of which 53 persons were convicted . Government regret to observe that other reports have not furnished information in this matter . The attention of the Presidents concerned is invited to para 26 of Government Proceedings No 6747-80 / L.F. 21-00 dated 28th October 1901 and they are requested to supply this omission invariably in their future reports .

17. Vaccination . The pay of the Taluk vaccinators and of the Deputy Inspectors of vaccination was, as usual , debited to the Medical Budget , the pay and batta of the peons attached to the Deputy Inspectors of vaccination and the cost of animal vaccination being debited to the District Funds . As in the previous year the report of the Kolar Gold Fields Sanitary Board does not embody statistics showing the number of Vaccinators employed and the result of their operations. The attention of the President is invited to para 20 of Proceedings No 15453-92 / L.F. 185-02 dated 21st April 1903 and he is requested to submit with his future report a return of vaccination as therein directed. The information furnished in the remaining reports shows that 59230 persons were vaccinated during the year 1901-02 as against 44943 of the preceding year as per particulars given in the appended statement No.

18. Vital statistics . Appendix 9 exhibits the result showing the number of births and deaths registered during the year The total number of births rose from 75743 to 75861 , and the total number of deaths from all causes from 86410 to 92252

19. Contribution . On account of the District Fund quota of the construction and repair of Dispensary buildings and ~~owing to~~ the maintenance of District Fund roads lying within the limits of the Head quarter Municipalities an expenditure of Rs 4518 was incurred in 1901-02 as against Rs 7448 in the previous year.

20. Village School fund.

From the 24 percent of the one anna cess collected on all items of Revenue 1724 schools (18 Anglo Vernacular , 88 branch , 1493 Hobli, 3 normal , 119 Aided village Indegenious and 3 Sanskrit schools) with an average strength of 55268 boys and girls were maintained at an aggregate cost of Rs 243742 . The total revenue realized from fees during the year under review was Rs 4249.

21. The statement below shows the revenue credited under Local Funds General and the expenditure incurred threfrom during the year 1901-02 .

23. Government regret to observe that there was a considerable delay in the submission of these reports and accounts which were due on 30th September 1902. Except the reports of the Kolar Gold Fields & the Chitaldrug Circle not a single report was received on or before that date and the last account and report received respectively was from the Comptroller on the 23rd February 1903 or about 4½ months after due date. As it is of the utmost importance that the Review on the reports should be issued as early as possible after the expiration of the year to which they relate, the Presidents, Comptroller and the Examiner P.W. accounts are requested to see that the reports and Forms of the figures shown in the Reports do not tally with the accounts furnished by the Comptr. & Separate orders will be issued regarding the above.

No. 351-90—L. F. 37-1903, DATED BANGALORE, 24TH JULY 1903.

ORDER THEREON.—It is observed that, as in previous years, there were ten Local Fund Boards, including the Kolar Gold Fields Sanitary Board. A Regulation to make better provision for the constitution of Local Boards to administer the expenditure of District Funds in Mysore and to define and regulate the powers to be exercised by those Boards, was passed on the 15th day of June 1902.

2. The number of meetings held during the year in each Circle, as contrasted with that of the previous year, is given in the following statement:—

Serial No.	Local Fund Circles.	Meetings held in	
		1900-01.	1901-02.
1	Bangalore	4	4
2	Kolar	4	3
3	Kolar Gold Fields	8	7
4	Tumkur	4	3
5	Mysore	3	3
6	French Rocks	3	3
7	Hassan	4	3
8	Shimoga	4	4
9	Kadur	5	3
10	Chitaldrug	4	4

The number of meetings held in six of the Circles was less than the prescribed minimum (four). No explanation has been given for not holding one meeting more in

Kolar and French Rocks, but in the remaining Circles the omission is stated to have been partly due to the prevalence of plague and partly to there having been no important subjects for discussion. The explanation cannot be accepted. The prescribed number of meetings should invariably be held in future.

In French Rocks, the Civil Surgeon among the official members, and Mr. K. Shamiengar among the non-official members, appear to have absented themselves from all the meetings of the Board. This is unsatisfactory. On the whole, however, the attendance of members was satisfactory except in Shimoga, where plague seems to have interfered with it.

The Presidents of the Bangalore, Kolar and Tumkur Circles report that the non-official as well as official members have taken interest in assisting the Boards in the administration of the funds entrusted to their charge, while the other reports are silent on the point. This information, which is most important, should have been furnished.

3. Appendix I shows that the total income credited to the District Funds during the year 1901-02, rose from Rs. 5,92,272 to Rs. 6,10,193 or by Rs. 17,921. The increase of Rs. 10,000 under "76 per cent of cess" is due to larger revenue collected in all the Circles except those of Hassan and the Kolar Gold Fields, the increase in the Mysore District being the result of the introduction of the Survey and Settlement into the Nanjangud Taluk. No explanation has been furnished for the decrease of Rs. 1,732 and Rs. 70 respectively, in the Hassan Circle and the Kolar Gold Fields. In the Kolar Gold Fields, however, there was a marked increase of Rs. 7,698 over the collections, *viz.*, Rs. 5,918, in the previous year under "Slaughter fees," "Market gate fees" and rents from the cooly colonies recently constructed by the Board. In Hassan, there was a decrease under "Rents" owing to the Rangacharlu Memorial chattram in Arsikere having remained unoccupied for a period of three months during the prevalence of plague.

The finances of the Hassan Board are reported to be in an unsatisfactory condition and the President considers that unless relief is afforded to the Board by the transfer to the Provincial Funds of some of the District Fund roads, such as Arsikere-Hassan road, which has acquired provincial importance owing to heavy traffic, they will have to content themselves with merely looking after the annual maintenance of roads by the Public Works Department and the up-keep of some Hospitals and Dispensaries. This will be separately noticed.

4. The details of receipts are shown in the Comptroller's statement of receipts and expenditure marked A, from which it will be observed that Rs. 5,22,591 or 85·6 per cent of the total revenue was contributed by "76 per cent of the Local Cess," Rs. 31,783 or 5·2 per cent from cattle pounds, Rs. 17,140 or 2·8 per cent from tolls, ferries and bungalow fees, and the rest from miscellaneous sources.

If the revenue thus collected during the year be distributed over the population in rural tracts, the incidence per head of population would be annas 2 pie 0·2, of which anna 1 pies 8·7 was from the "76 per cent of the Local Cess" on Land Revenue, etc., pies 1·3 from pounds, pie 0·7 from "Tolls and Ferris" and the rest, pies 1·5 from miscellaneous sources such as rents, market fees, etc.

5. Appendix I also shows the details of expenditure incurred during the year, which rose from Rs. 5,68,883 to Rs. 5,85,435, the increase being chiefly in the Kolar Gold Fields, where it was Rs. 39,695 against Rs. 8,367 in 1900-01.

6. Out of the total expenditure of Rs. 5,85,435, Rs. 3,69,036 or 63·04 per cent was spent on works executed by the Public Works Department and Rs. 85,360 or 14·5 per cent on works executed by the Revenue agency as shown in the appended statements A, A1 and B, the rest of the expenditure being incurred by the latter agency on account of other charges. This shows that the expenditure per head of population in rural parts was anna 1 pies 11·1, of which pies 11 were spent on roads, pie 0·9 on bridges and tunnels, pies 1·3 on miscellaneous public improvements, pies 2·6 on medical relief, pie 0·7 on travellers' bungalows, pies 1·9 on conservancy and sanitation, including wells, pie 0·3 on cattle pounds and the rest on other miscellaneous items such as establishments, etc.

Local Boards Branch, District Funds, dated 24th July 190

7. It is observed that the receipts and expenditure for the year 1901-02, as given in the reports furnished by the Presidents, differ from those given in the Comptroller's accounts as noted below. The Comptroller is requested to explain the cause of difference in consultation with the Presidents concerned.

8. The percentage of charges to receipts in each of the Local Fund Circles, as compared with that of the previous year, is given below:—

9. The percentages of closing balances to receipts are given below. It is observed that the balances are less than the prescribed minimum in the Kolar Gold Fields Sanitary Board and the District Fund Boards of Kadur and French Rocks. In the former, *viz.*, Sanitary Board, this deficit is due to no credit having been afforded to the Board during the year for the loan of Rs. 20,000, sanctioned by Government, whereas the expenditure incurred on works, for which the loan was sanctioned, was debited against the income in the accounts of the year 1901-02.

But though the financial condition of the Kadur and French Rocks Circles was better than that of the previous year on account of the transfer of five District Fund roads costing Rs. 9,370 to Provincial Funds, their balances did not reach the prescribed minimum. Steps should therefore be taken to maintain the usual working balance especially in the Kadur District.

10. The appended statements 2 and 3 show that of the total expenditure of Rs. 1,22,742 incurred on original works by the Public Works and Revenue Departments, a sum of Rs. 32,353 was spent on roads, Rs. 22,710 on bridges and tunnels, Rs. 12,152 on musafirkhanas and travellers' bungalows and the rest on drinking water wells and other miscellaneous public improvements.

11. The aggregate expenditure incurred by the Public Works and Revenue Departments on repairs during the year 1901-02, amounted to Rs. 2,66,747 as shown in the appended statements 4 and 5. Of this sum, Rs. 2,45,789 were spent on roads, Rs. 1,904 on bridges and tunnels, Rs. 9,801 on musafirkhanas and travellers' bungalows and the rest on drinking-water wells and other miscellaneous public improvements.

12. The amount sanctioned, the expenditure incurred on works and the amount that lapsed during the year are shown in following statement:—

10. Chitaldrug	21,750	22,106	...	...	13,571	5,895	7,676	56·8

From the above it appears that the percentage of lapses under "A. Public Works" ranges between 1·4 lowest in Kolar and 19·5 highest in Kadur, while under "B. Public Works" it ranges between 2·1 lowest in Bangalore and 73·5 highest in Hassan. Under "B. Public Works" the lapses were heavy in all the Districts except Bangalore. These have not been satisfactorily accounted for and indicate

that there is great need for improvement. The Presidents concerned are requested to see that, in future, sanctioned allotments are utilized as fully as possible and that satisfactory reasons are assigned for unavoidable lapses.

13. The appended statement No. 6 exhibits details of expenditure incurred under "Civil charges" in the various Local Fund Circles as compared with those of the previous year.

14. The number of medical institutions supported from District Funds, the number of patients treated in them and the cost incurred on the several Local Fund Circles during the year, as compared with those of the preceding year are given in the following statement. During the year, the number of dispensaries maintained from the District Funds remained the same as at the end of the previous year, as the dispensary sanctioned for Whitefield was not opened for want of suitable accommodation, and proposals for opening the new dispensary at Varthur instead of at Whitefield are under the consideration of the District Fund Board. The number of patients treated in the existing dispensaries rose from 626,244 to 744,975, while the cost fell from Rs. 42,850 to Rs. 39,408 owing to the decrease under furniture and contribution towards dispensary buildings. The hospital at the Kolar Gold Fields is maintained from State Funds.

15. *Midwives.*—The following comparative statement exhibits the number of midwives employed in the several Local Fund Circles, the number of cases attended to by them and the cost incurred from District Funds during the years 1900-01 and 1901-02. At the end of the year under review there were 78 midwives or two more than in the preceding year.

The reports of the Bangalore and Chitaldrug Circles do not embody statements showing the number of cases attended to by each midwife and the cost incurred on her account. Such omissions should be avoided.

The figures above given do not include the number of cases attended to by the Kolar Gold Fields midwife maintained from the Medical budget or by those entirely supported from Municipal Funds.

16. *Travellers' Bungalows and Musafirkhanas.*—The musafirkhanas at Nelhal and Maddagiri and the old one at Huliyar were removed from the list under Government Proceedings No. 2052-3—L. F. 71-94, dated 2nd August 1901. The particulars showing the number of third class travellers' bungalows, inspection lodges and musafirkhanas which existed at the end of the year under report, the number of halts made and the fees collected from travellers halting therein, are shown in the appended statement No. 7. The increase in the number of bungalows in Bangalore and of musafirkhanas in the Hassan and Shimoga Local Fund Circles should have been accounted for.

It is satisfactory to note that the travellers' bungalows and musafirkhanas were more freely resorted to by the travelling public, as evidenced by the increased number of halts made by them. But it is not explained why the income from fees collected from the travellers' bungalows was less ~~than~~ in the Local Fund Circles of Tumkur, Mysore, French Rocks, Shimoga and Chitaldrug, notwithstanding the fact that the number of halts made during the year 1901-02 was much in excess of that in the year preceding.

17. *Conservancy.*—The following statement shows the expenditure incurred on account of special conservancy establishments, opening up of congested parts, filling manure pits, etc., in rural parts of the several Local Fund Circles. The expenditure was Rs. 16,725, which is much less than that of the previous year. Greater attention should be paid to village sanitation and as much money spent on it as may be practicable and useful.

18. The rules under the Village Sanitation Regulation were introduced into all villages containing more than 100 houses in the Bangalore Circle and into 439 villages in the Tumkur Circle. A sum of Rs. 55-7-0 was collected as fines in the former for breach of these rules. In Hassan 51 cases against 57 persons were prosecuted before the Magistrate under these rules, and resulted in the conviction of 53

persons. Government regret to observe that the reports from the other Circles have not furnished information in this matter. The attention of the Presidents concerned is invited to para 26 of Government Proceedings No. 6747-60—L. F. 21-00, dated 28th October 1901 and they are requested to supply this omission invariably in their future reports.

19. *Vaccination.*—The pay of the Taluk vaccinators and of the Deputy Inspectors of vaccination was, as usual, debited to the Medical budget, the pay and batta of the peons attached to the Deputy Inspectors of Vaccination and the cost of lymph being debited to District Funds. The report of the Kolar Gold Fields Sanitary Board does not embody statistics showing the number of vaccinators employed and the result of their operations. The attention of the President is invited to para 20 of Proceedings No. 15153-92—L. F. 185-02, dated 21st April 1903, and he is requested to submit with his future reports a return of vaccination as therein directed. The information furnished in the remaining reports shows that 59,230 persons were vaccinated during the year 1901-02 as per particulars given in the appended statement No. 8 as against 44,943 of the preceding year.

20. *Vital Statistics.*—Appendix 9 exhibits the result showing the number of births and deaths registered during the year. The total number of births rose from 75,743 to 75,861, and the total number of deaths from all causes from 86,410 to 92,252.

21. *Contribution.*—On account of the District Fund quota of the cost of the construction and repair of dispensary buildings and for the maintenance of District Fund roads lying within the limits of the Head-quarter Municipalities, an expenditure of Rs. 4,518 was incurred in 1901-02 as against Rs. 7,448 in the previous year.

22. *Village School Fund.*—From the 24 per cent of the one-anna cess collected on all items of revenue, 1,724 schools (18 Anglo-Vernacular, 88 Branch, 1,493 Hobli, 3 Normal, 119 Aided Village Indigenous and 3 Sanskrit schools) with an average strength of 55,268 boys and girls, were maintained at an aggregate cost of Rs. 2,43,742. The total revenue realized from fees during the year under review was Rs. 4,249.

25. Government regret to observe that there was a considerable delay in the submission of these reports and accounts which were due on 30th September 1902. Except the reports of the Kolar Gold Fields and the Chitaldrug District, no other report was received on or before that date, and the last account and report received were, respectively, from the Comptroller on the 23rd February 1903 and from the Presidents of the Tumkur and Mysore Circles on the 28th April 1903 or about 4½ and 7 months after due dates. It is superfluous to comment on such delays which carry their own censure, but it is necessary to point out to these officers that it is of the utmost importance that the work of the year should be reviewed as early as possible after the expiration of that year, and this will only be possible if the Presidents, Comptroller and the Examiner, Public Works Accounts, send the reports and accounts due from them so as to reach this office on or before the prescribed date.

REPORT ON THE ADMINISTRATION OF THE DISTRICT FUNDS AND THE LOCAL FUNDS GENERAL OF THE BANGALORE DISTRICT FOR THE YEAR 1901-02.

Constitution of the Board.—During the year under report there were 22 members (official and non-official) on the Board as particularized in Statement A. Mr. M. S. Narayana Rao held the office of President for more than 11 months in the year, and his place was then taken by Mr. H. H. Sparkes on 2nd June 1902.

2. *Meetings of the Board.*—Four meetings were held during the year on the dates shown hereunder:

13th July 1901.
15th October 190
25th January 190
6th May 1902.

3. The first meeting was convened for electing Members for the Dasara Representative Assembly and the third for discussing the budget estimates for the year 1902-03, in addition to other subjects. The 2nd and the 4th were for the discussion of ordinary subjects.

4. *Attendance.*—Statement A shows the number of meetings held and the attendance of members. The President himself presided at all the meetings and the attendance was on the whole satisfactory.

5. *Receipts.*—The opening balance at the credit of the District Funds for the year 1901-02 was Rs. 32,346, as per Comptroller's final accounts. The probable income was Rs. 72,785 as per preliminary figures furnished by the Comptroller as against Rs. 70,716 in the year previous. The increase was mainly under the following heads:—

(1) 76 per cent of Land Revenue creditable to District Funds.
(2) Sale of stray cattle.
(3) Sale of manure.
(4) Other items.

The total sum thus available for expenditure was on the whole Rs. 1.05.131. Statement F shows the income derived under several heads.

6. *Expenditure.*—The expenditure incurred was Rs. 60,393 against Rs. 70,628-15-4 in the year previous. The decrease was due to the falling off of expenditure under A.—Public Works to be executed by the Public Works Department and partly under C.—Civil charges. Statement G shows the expenditure under all heads.

7. *Public Works executed by the Public Works Department.*—The total amount allotted for expenditure for the year under report was Rs. 41,883 excluding Rs. 7,329 and Rs. 255 for establishment charges and tools and plants respectively. The report received from the Executive Engineer is herein enclosed (in original) for information.

8. *Public Works executed by Revenue Officers.*—The budget allotment under this head for incomplete and original works was Rs. 15,428 including establishment charges. Of this Rs. 7,614 were spent as per preliminary figures furnished by the Comptroller.

9. *Civil Charges.*—The total expenditure under this head was Rs. 10,065 against a budget grant of Rs. 17,830. The decrease is mainly due to the short expenditure under:—

(1) Hospitals and dispensaries.
(2) Midwives.
(3) Sweepers for travellers' bungalows, etc.

10. *Hospitals and Dispensaries.*—There were, as in the year previous, 11 Local Fund dispensaries. Statement C appended shows the number of persons treated, etc. In addition to this, contribution was paid to the Arlepet dispensary in the Bangalore City. The attendance at all the dispensaries was satisfactory, and the Hospital Assistants in charge have taken great pains in affording medical aid to the public. Though the establishment of a dispensary at Whitefield was sanctioned by Government, it was not opened for want of suitable accommodation. The deputation of a Hospital Assistant by the Senior Surgeon is awaited.

11. *Midwives.*—There were 11 midwives and one relieving midwife as in the year previous. The latter was attached to the Maternity for duty. The midwives were attending the dispensaries when off their legitimate work and helped the Hospital Assistants in treating females and children. The help rendered by this institution is much appreciated by the poorer classes.

12. *Establishment of 3rd class Travellers' Bungalows and Musafirkhanas.*—Statement E appended shows the details of pay etc., and the number of travellers that halted in them and the fees collected.

13. *Vaccination.*—There were 15 vaccinators attached to the district as in the year previous. These have done good work by way of vaccinating children and adults also, and the people are just beginning to appreciate the necessity. Statement D is enclosed.

14. *Contributions.*—The amount expended under this head was chiefly paid to the Public Works Department towards construction and repair of dispensaries, etc.

15. *Conservancy and Sanitary Charges.*—A sum of Rs. 874 was spent under this head against a budget grant of Rs. 1,180. Rs 55-7-0 were levied under the new Village Sanitation Rules, which were brought into force very recently into all the villages containing 100 houses and more. This shows a certain amount of interest displayed on the part of the Amildars.

16. *Miscellaneous.*—The amount spent under this head consists mainly of travelling allowances paid to Local Fund Board members and other charges detailed in the statement referred in para 6 *supra*.

17. *Amrut Mahal Bulls.*—No bulls were maintained in the district during the year, as there was no necessity for them.

18. *Primary Education.*—The total strength of the schools during the year was 286, as against 299 in the year previous. The pupils on the roll numbered 8,217 (boys and girls), as against 8,338 in the previous year. This is satisfactory considering the reduction in the number of schools by 13. The statement received from the Inspector General of Education with his No. 2137—33, dated 3rd September 1902, is herein enclosed.

19. *Vital Statistics.*—A statement (B) showing the details of births and deaths is attached. It will be seen therefrom that deaths from cholera and small-pox were heavy during the year under report.

20. *Local Funds General.*—No fresh grant was made by Government for carrying out works out of Local Funds General, but, however, Government have been addressed to renew the grant of the previous year. In addition to this, a sum of Rs. 5,000 was asked for to sanction any urgent works which the President thought necessary. The expenditure on the incomplete and new works has amounted to Rs. 5,307-4-9.

21. *Conclusion.*—In spite of the prevalence of plague in the district during the year under report, the result of the working of the Local Boards was on the whole satisfactory.

Bangalore,
27th October 1902.

H. H. SPARKES,
President of the D. F. Board,
Bangalore District.

APPENDIX.

Mysore P. W. Department. Bangalore Division.

ANNUAL PROGRESS REPORT FOR THE YEAR 1901-02.

District Funds.

1. The total grant allotted for works to be executed by the Public Works Department in Government Proceedings No. 17252-64—L. F. 1-1901, dated 25th June 1901, amounted to Rs. 36,500, exclusive of charges for establishment and tools and plant. This was subsequently modified to Rs. 41,883 in the revised District Fund budget sanctioned in Government Proceedings No. 19571-75—L. F. 1-01, dated 24th June 1902. The actual appropriations at the end of the year amounted to Rs. 40,651. Adding to it the sum of Rs. 3,750 being the grant-in-aid from Local Funds General for special repairs of Bangalore suburban roads, sanctioned in Government Proceedings No. 399—1811, dated 29th March 1902, the total appropriation at the end of the year aggregated to Rs. 44,401, against which the aggregated outlay was Rs. 39,223, resulting in a lapse of Rs. 5,178. This occurred mainly on two works, *viz.*, special repairs of the Bangalore suburban roads and re-constructing the tunnel on 6—29 of the Bangalore-Nandidrug road. The estimate for the former was sanctioned in the latter part of April 190 with a grant of Rs. 3,750, and work to the extent of Rs. 680 only could be done during the remaining two months of the year. For the latter a grant of Rs. 1,650 was included in the revised District Fund budget, and the budget having been sanctioned during the latter part of the last month of the year, nothing could be spent on the work. The classification of the grant and outlay by service heads is as follows:—

Service heads.		Actual grant.	Outlay.
		Rs.	Rs.
Original works ...	Communication	7,603	5,640

5. (1) *Widening the bund of Arlamallige tank on Nelamangala-Gollahalli Railway Feeder*;

(2) *Restoring Mallurpatna tank*—

These were the works sanctioned under Provincial Funds, completed during the last year. The District Fund share of outlay, for which provision existed in the revised budget, was adjusted during the year.

Repairs.

6. *Communications.*—The total grant under this head amounted to Rs. 36,798, and the recorded outlay against it aggregated Rs. 33,583 resulting in a lapse of Rs. 3,215. This was on special repairs of Bangalore suburban roads as explained in para 1 above. The total length of roads running in the Division is 450½ miles, and the whole length was maintained in a trafficable order during the year. The following is the classification of outlay showing the amount spent on annual and special repairs and for repairs of 3rd class travellers' bungalows :—

	Grant.	Outlay.

MGCPB—130—24-1-03

REPORT ON THE ADMINISTRATION OF THE DISTRICT FUNDS OF THE KOLAR LOCAL FUND CIRCLE FOR THE YEAR 1901-02.

RECEIPTS.

The total income under all heads which contribute to the District Funds amounted to Rs. 77,354-4-2 as against Rs. 76,205-9-9 in the previous year, showing a net increase of Rs. 1,148-10-5 as per particulars shown in the following comparative statement:—

Particulars.	1900-01.	1901-02.	Difference.	
			Increase.	Decrease.

Total ...	76,205 9 9	77,354 4 2	1,329 5 2	180 10 9
Net increase			1,148 10 5	

2. From the above it will be seen that there is an increase of Rs. 726-3-4 under the head "76 per cent of Local Cess" due to larger revenue collections during the year under report than in the previous year. The increase of Rs. 534-13-2 under "Miscellaneous" is due to the realization of Rs 391-7-8 from the sale of grass and other sundries including refund of advance paid for relief works out of District Funds and adjusted by the Comptroller. The other items being fluctuating call for no special mark.

3. The opening balance for the year under report, as per Comptroller's adjustment of accounts, amounted to Rs. 43,177-9-9, which being added to the receipts for the year, gives a total of Rs. 1,20,531-13-11 at the disposal of the Board, of which Rs. 77,436-15-1 was actually spent, leaving a balance of Rs. 43,094-14-10 at the close of the year.

4. The budget estimates of expenditure sanctioned for the year were as follows:—

	Rs.
A. Public Works to be executed by the Public Works Department	45,200
B. Public Works to be executed by the Revenue Department	33,738
C. Civil Charges	24,392
Total ...	1,02,330

5. *A. Public Works to be executed by the Public Works Department.*—The budget grant under this head for the year under review was Rs. 45,200 as per particulars given below :—

		Rs.
I. Original works		8,000
II. Repairs		30,787
III. Supervision charges		6,543
IV. Tools and plant		270
	Total ...	45,200

6. Expenditure incurred by the Public Works Department under various heads during the year was Rs. 43,463 out of the total grant of Rs. 45,200, leaving a balance of Rs. 1,737 to lapse at the close of the year.

Details of works carried out during the year by the Public Works Department out of District Funds are given in the annexed copy of the Executive Engineer's progress report. The figures given in the above report tally with those admitted by the Examiner of Public Works Accounts as per statement received from him.

Out of the above expenditure a sum of Rs. 36,879 was spent on works, Rs. 6,402 on supervision charges at the rate of 17½ per cent of the amount of work done, and Rs. 182 on tools and plant.

7. The number of works that were put in hand by the Public Works Department, including 3 incomplete works of last year, was 45, of which 7 works remain incomplete at the close of the year 1901-02.

8. *B. Public Works executed by the Revenue Department.*—The budget grant under this head was Rs. 33,738 as per following particulars : —

		Rs.
I. Original works		7,300
II. Repairs		4,290
III. Supervision charges		3,058
IV. Tools and plant		100
V. Cost of incomplete works of previous year...		18,990
	Total ...	33,738

9. The total amount of sanction for public works during the year both by the President and Government on his recommendation, including the cost of incomplete works of previous years, *viz.*, Rs. 18,990-5-4, was Rs. 34,532-9-4, of which Rs. 18,091-11-0, was actually spent as against Rs. 17,913-15-9 in the previous year. Of the lapsed amount, Rs 14,721-9-2 is due on incomplete works, requiring re-appropriation for the year 1902-03. The following statement shows the talukwar details of the actual amount sanctioned, amount of work done during the year and the amount required for completion at the next year :—

10. From the above it will be seen that only Rs. 1,719-5-2 will lapse to Government of the amounts sanctioned.

11. These works were carried out as usual under the supervision of Work Inspectors. The works undertaken during the year under report consisted generally of wells, roads, road dams, cattle-pounds and musafirkhanas.

The following statement shows the number and kind of works undertaken including the incomplete works of previous years :—

13. There was a lapse of Rs. 9,811 under this head against Rs. 6,775 of last year. The greater portion of this lapse comes under conservancy and sanitary charges. This is owing to the villagers themselves taking greater care of the sanitation of villages where the Village Sanitation Regulation has come into force, for fear of being prosecuted under the Rules.

14. *President's Office Establishment.*—The expenditure under this head represents a moiety of the pay and travelling allowance of the 4 clerks, 1 daftarband and 2 peons attached to the President's office as sanctioned in Government Proceedings No. 6892—L. F. 3-97, dated 6th December 1898. The decrease of Rs. 296-1-0 shown under this in the above statement, is owing to the Head and Taluk Office contingencies being entered separately under "X. Miscellaneous."

15. *Medical Scholarships.*—The amount of Rs. 849-2-4 is the proportionate cost charged to this district on account of medical scholarships tenable during the year under report. As this amount was adjusted by the Comptroller and intimated to this office, the details of the decrease of Rs. 58-0-11 are not available.

16. *Hospitals and Dispensaries.*—There were 11 dispensaries in the district aided or maintained from District Funds as in last year. The sum of Rs. 4,083-13-7 is shown to have been spent on account of pay of menial establishment and contingencies of the several dispensaries together with charge allowances to Hospital Assistants during the year against Rs. 3,698-2-2 in the previous year.

17. The following statement shows the number of patients treated in each of the dispensaries in the district:—

18. Total number of patients in all the dispensaries was 68,371, which shows a satisfactory increase over last year's figures, *viz.*, 66,476.

Out of the total amount of expenditure incurred for the maintenance of the above dispensaries, Rs. 4,083-13-7 was paid from the District Funds and the rest from Municipal Funds. The dispensaries are reported to have worked satisfactorily during the year.

19. *Pay and Scholarships to Midwives.*—The sum of Rs. 908-4-11 shown to have been spent under this head, is the moiety of pay of the nine midwives in the district, together with their travelling and other allowances for extra labor cases attended by them over the minimum of 5 per month prescribed by Government.

20. The following statement shows the number and nature of labor cases attended by the midwives of the several taluks in the district:—

21. Bagepalli and Gudibanda had no midwives during the year under report but two have been sent to these two places lately by the Senior Surgeon.

22. *Sweepers for 3rd Class Travellers' Bungalows, etc.*—The sum of Rs. 4,109-6-5 charged under this head includes the pay of kotwals and sweepers in all 3rd class travellers' bungalows and musafirkhanas, chattrams and other public buildings in the district as per details given in the budget. The number of halts made by travellers in these bungalows during the year was 643, and the amount of fees collected Rs. 303-2-2, the figures for the previous year being 614 and Rs. 234-13-6, respectively.

23. *Conservancy and Sanitary Charges.*—The total expenditure incurred during the year under this head, including the pay of the permanent sweepers employed in some of the larger villages in the district, amounted to Rs. 1,989-15-4 against Rs. 4,624-3-4 in the previous year, resulting in a decrease of Rs. 2,634-4-0. This is due partly to the fact that it was found that so little supervision was exercised by Work Inspectors in the removing of prickly pear, etc., in. villages, that expenditure under this head was purposely curtailed. Works of a lasting and permanent nature such as opening of roads and conservancy lanes, making drains, removing old walls, etc., are now being undertaken in preference to other works which cannot be properly checked, and are not of permanent value.

All Amildars are paying particular attention to improving the sanitation of villages and are encouraging the people to keep their villages as clean as possible. During my tours of inspection I have visited many of the important villages of the district, and have been, on the whole, very pleased with the sanitary improvements carried out by the Amildars.

24. The following statement shows the actual amount spent on the removal of prickly pear in the different taluks during the year under review as compared with last year :—

25. *Vaccination.*—A sum of Rs. 93-8-0 was spent during the year on account of pay and travelling allowance of the peon employed under the Deputy Inspector of Vaccination. The result of vaccination in different taluks of the district is given in the accompanying Form D. 8,660 persons were vaccinated during the year against 6,368 persons in 1900-1901, a satisfactory increase.

26. *Contribution.*—A sum of Rs. 280-10-8 is reported to have been spent under this head towards the construction and repairs of Local Fund dispensaries in the district, which were carried out by the Public Works Departments and the outlay transferred to the Civil Department through the Comptroller by book adjustment.

27. *Amrut Mahal Bulls.*—There are 7 bulls in the District, and as in previous years, no expense was incurred under this head, as the patels to whom the bulls have been entrusted feed them at their own cost. Chintamani Amildar reports that the raiyats have made good use of the bull supplied to that taluk and 9 good calves have been the result. All the other Amildars report that the raiyats are not making much use of them on account of their fierceness and wildness.

28. The expenditure under other heads calls for no remark.

29. The following statement sent by the Inspector General of Education for incorporation in the report as laid down in Government Order No. 554-62—L. F. 96-9, dated 13th July 1897, shows that 246 schools were maintained in the District during the year under report out of 24 per cent of local cess at a cost of Rs. 32,708-15-2 against 244 shools at a cost of Rs. 30,300-7-6 in the previous year.

30. The amount realized in the shape of school fees was Rs. 335-11-0 during the year, the figure for the past year being 108-2-6.

31. Statements A to E in the form prescribed by Government are appended.

32. *Meetings.*—Three meetings were held during the year under report on the dates noted in the margin, against 4 in the previous year.

18th September 1901.
31st January 1902.
23rd June 1902.

33. There were some changes among the official members of the Board on account of the transfer of some of the Amildars in the district. There were no changes among the non-official members.

Grants from Local Funds General

34. A sum of Rs. 3,485-10-10 was sanctioned from Local Funds General on account of completing the wells sanctioned in previous years, which remained incomplete at the close of June 1901, in Government Proceedings No. 11150-51—L. F. 29-1900, dated 6th January 1902. A further sum of Rs. 3,147 was sanctioned by Government, of which only Rs. 1,275 was the final grant sanctioned by the Chief Engineer out of the same funds for constructing tunnels on certain roads to be executed by Public Works Department in Government Proceedings No. 8412-20—L.

L. F. 29-1900, dated 3rd December 1903, of which the Executive Engineer reports in his progress report that only Rs. 1,081 was spent.

35. The following statement shows the amount spent on works sanctioned out of Local Funds General in previous years to be executed by Revenue Department and the amount still required during the year 1902-03 for payment:—

36. From the above statement it will be seen that a sum of Rs. 473 was actually spent during the year under report against Rs. 2,775-7-10 in the year previous, showing a decrease of Rs. 2,302-7-10. A saving of Rs. 525-9-3 is shown out of the amount allotted.

37. The following statement will show the amount of work turned out by the Amildars and Deputy Amildar in order of merit during the year under report both from District Funds and Local Funds General:—

38. It will be seen from the above that the Amildars of Malur and Mulbagal have spent more than three thousand rupees, and the Amildar of Bowringpet comes next with nearly Rs. 2,500. The other Amildars have done a fair amount of work with the exception of Chikballapur and Chintamani Amildars, whose bills were received after the cheque book was closed for the year.

39. Non-official members also took an interest in assisting the Board in the administration of District Funds.

EXTRACT FROM THE PROGRESS REPORT FOR 1901-02

DISTRICT FUNDS.

36. The original grant sanctioned for the works to be executed by the Public Works Department in the District Fund Budget for the year under report in Government Proceedings No. 15986-8—L. F. 2-1901, dated 1st June 1901, was Rs. 44,200 under the following heads:—

	Rs.
Original works	7,000
Repairs	30,387
Establishment	6,543
Tools and plant	270
Total ...	44,200

The provision having been found insufficient to meet the expenditure of the year under original works, a supplemental grant of Rs. 1,000 was sanctioned under that head in Government Proceedings No. 18301-3, dated 17th May 1902. The final budget grant for the year amounted to Rs. 45,200.

The actual allotment for original works and repairs only, including the grant for establishment and tools and plant, was Rs. 38,337, against which the booked outlay recorded was Rs. 36,879, resulting in a lapse of Rs. 1,508. This lapse was due to the delay in acquiring lands in His Majesty's Territory for diverting the stream in Chintamani-Chelur road and for late commencement of constructing tunnels on the same road, *vide* explanation in the Statement B above.

The total outlay against the budget grant of Rs. 45,200, including the establishment charges and charges for tools and plant, was Rs. 43,463, resulting in a total lapse of Rs. 1,737, of which Rs. 1,508 was lapse under Original works and Repairs, which has been explained above, the balance; a lapse of Rs. 229 under Establishment and Tools and Plant charges, is small and calls for no special remarks. The subjoined Statement No. VIII exhibits the grant and outlay under the several service heads.

37. The important works that were dealt with during the year are detailed below:—

Communications.—Original Works.

38. *Metalling and Improving 19th to 24th mile of Kolar-Sompur Road.*—The materials collected last year for the worst furlongs, were spread during the current year. In addition, some more spreading work was done and materials for 11 furlongs more were collected and ready at site. Work progressed well during the year with a slight excess over the grant.

	Rs.
Amount of estimate ...	9,272
Year's grant ...	2,000
Do outlay ...	2,281
Total outlay ...	6,655

39. *Metalling and Improving Mulbagal-Goribidnur Road.*—Out of 385 cubic yards of quarry metal and 1,760 cubic yards of laterite metal sanctioned to be collected, 280 cubic yards of quarry metal and 1,121 cubic yards of laterite metal have been collected during the year. The allotment of the year has been thus worked out with a slight lapse.

	Rs.
Amount of estimate ...	4,023
Year's grant ...	2,000
Do outlay ...	1,915
Total outlay ...	1,915

40. *Constructing Tunnels on Chintamani-Chelur Road.*—Work on seven tunnels was under progress. A savings of Rs. 514 was wanted to meet the expenditure on constructing of 3rd class travellers' bungalow at Chelur, for which there was no provision. Hence lapse on this work.

	Rs.
Amount of estimate ...	12,082
Year's grant ...	1,000
Do outlay ...	378
Total outlay ...	378

41. *Constructing 3rd Class Travellers' Bungalow at Chelur.*—Work was completed last year. The outlay incurred during the year was on account of payment of compensation for lands taken up for the bungalow. Necessary savings have been effected on "Constructing tunnels on Chintamani-Chelur Road" to meet the expenditure on this work.

	Rs.
Amount of estimate ...	4,809
P. A. ...	756
Total ...	5,565
Year's grant nil	
Do outlay 514	
Total outlay	5,565

42. In addition to the above major works the following only smaller work under this head was dealt with during the year under report:—

Diverting the stream on 4 & 5—22 mile o Chintamani-Chelur Road.

	Rs.
Amount of estimate ...	1,188
Year's grant ...	1,188
Do outlay ...	454
Total outlay ...	454

Work started vigorously, while excavating the channel, rocks were met with Lapse due to delay in starting work. There was delay in starting work as we ha to acquire lands in His Majesty's Territory, which had to be settled before the wor could be started.

COMMUNICATIONS—REPAIRS.

43. The total final grant under this head was Rs. 32,199, against which th outlay recorded was Rs. 31,684, resulting in a lapse of Rs. 515. This lapse is due t grant ng of funds late in the year, *viz.*, in June 1902. It was not possible to wor out the grant within the remaining few days of the year. The total length of th District Fund roads maintained during the year is 384¾ miles, *i.e.*, two miles less tha that of last year. The difference of two miles is due to transferring three miles of Nandy-Heggadahalli road to the Bangalore Division and one mile of Kolar-Sompur road having been transferred to this Division by the Bangalore Division. The outlay incurred for annual maintenance of the several roads including repairs to tunnels and bridges was Rs. 30,202. An outlay of Rs. 135 was incurred for special repairs executed to the Periyasandra-Goribidnur road. The outlay incurred on account of 3rd class travellers' bungalows in the district was Rs. 1,347. All the roads were maintained during the year in a good trafficable order.

ESTABLISHMENT CHARGES.

44. The total budget grant under this head was Rs. 6,718. The amount debited on actual outlay at 17½ per cent was Rs. 6,402, resulting in a lapse of Rs. 316.

TOOLS AND PLANT.

45. The total budget grant under this head was Rs. 275 and the outlay debited on actual expenditure at ½ per cent was Rs. 182, resulting in a lapse of Rs. 93.

LOCAL FUNDS GENERAL.

46. The original grant sanctioned for the works to be executed by the Public Works Department in Local Funds General Budget for the year under report in Government Proceedings No. 8412-20—L. F. 29-1900, dated 3rd December 1901, was Rs. 3,147 for constructing tunnels on certain roads. But the final grant sanctioned for the year was only Rs. 1,275. The booked outlay recorded against it was Rs. 918 on works, Rs. 161 on account of establishment charges at 17½ per cent on the outlay on works and Rs. 5 on account of charges for tools and plant at ½ per cent on the booked outlay. Thus the total booked outlay recorded including charges on account of establishment and tools and plant was Rs. 1,084, resulting in small lapse of Rs. 191.

46(a). The subjoined statement exhibits the grant and outlay against the several works under Local Funds General:—

ADMINISTRATION REPORT OF THE SANITARY BOARD, KOLAR GOLD FIELDS, FOR THE YEAR 1901-02

I have the honor to submit the Annual Report of the Sanitary Board, Kol Gold Fields, for the year 1901-02.

I. Constitution of the Board.

During the year under report, the constitution of the Board of five official and five non-official members remained unchanged. Among the official members, however, the Inspector of Mines, who is resident on the Field, took the place of the Chief Inspector of Mines.

II. Meetings.

Seven meetings were held on the dates noted in the margin, of which two were special and four ordinary. Of these, one* meeting had to be adjourned for want of a quorum.

11th October 1901.
7th December 1901.
24th January 1902.
8th February 1902.
22nd March 1902.
19th June 1902.
*29th May 1902.

III. Receipts.

(i) Statement A appended shows the estimated receipts and expenditure during the year 1901-02 together with actuals.

Excluding the loan of Rs. 20,000 made by Government to the Board in 1899 and including the opening balance of Rs. 14,849-4-10, the total receipts under different heads amounted during the year to Rs. 42,177-0-7 as against Rs. 23,988 in the previous year, the particulars of which are given in the following comparative statement :—

Particulars.	1900-01.	1901-02.	Increase.	Decrease.

Total ...	23,988 0 10	42,177 0 7	18,323 3 0	134 2

From the above statement it will be seen that excluding the opening balance, the actual receipts during the year amounted to Rs. 27,327-11-9 as against Rs. 19,010-2-7 in the previous year, showing a net increase in actual receipts of Rs. 8,317-9-2.

For this the sum of Rs. 6,340-4-0 collected at the market gate after the completion of the market enclosure in March, together with an increase of Rs. 700 odd in the sum obtained from slaughtering fees, and a sum of Rs. 612 collected in rents from cooly colonies, are chiefly responsible.

(ii) *Applications for Buildings, Licenses etc.*—Statement B shows the number of applications for licenses and buildings etc. There were in all 628 applications, of which 550 were disposed of. The license fees amounted to Rs. 528.

(iii) *Notices issued.*—Statement C gives the number of notices issued under the various sections of the Sanitary Rules and Bye-laws, and the number of prosecutions instituted with results.

IV. Expenditure.

(i) The budget estimate of expenditure sanctioned by Government during the year under report was as follows:—

	Rs.	a.	p.
A. Public Works to be executed by the Public Works Department ...	23,500	0	0
B. Public Works to be executed by the Revenue Department ...	20,490	0	0
C. Civil charges	10,460	0	0
Total ...	54,450	0	0

(ii) *A. Public Works to be executed by the Public Works Department.*—The budget grant under this head was as shown below:—

Particulars.	Amount. Rs	a.	p.
Sanitary Inspector's quarters	5,000	0	0
Sanitary Overseers' do	3,000	0	0
Shandy enclosure	8,000	0	0
Two slaughter-houses, one for cattle and one for sheep and goats ...	4,000	0	0
Supervision charges	3,500	0	0
Total ..	23,500	0	0

Of these the Sanitary Engineer's Department completed during the year:—

	Rs.	a.	p.
Sanitary Inspector's quarters at a cost of	5,304	0	0
Sanitary Overseers' do do	2,354	0	0
Shandy enclosure do do	10,829	0	0
Sheep slaughter-house do do	3,710	0	0
Total ...	22,197	0	0

As these works with their corresponding supervision charges exhausted the budget allotment of Rs. 23,500, the construction of a permanent cattle slaughter-house had to be deferred.

The actual amount spent on the above works during the year as per Comptroller's account is Rs. 20,095-0-10.

(iii) *B. Public Works by the Revenue Department.*—The budget grant under this head was—

	Rs.	a.	p.
(*a*) Original works	16,500	0	0
(*b*) Repairs	900	0	0
(*c*) Establishment charges	1,990	0	0
(*d*) Tools and plant	100	0	0
(*e*) Incomplete works of previous year	1,000	0	0
Total	20,490	0	0

The estimates sanctioned by Government on the President's recommendation amounted to Rs. 17,185-15-6 during the year under review, of which Rs. 9,667-8-6 were actually spent, leaving a balance of Rs. 7,518-7-0 to be included under the head incomplete works requiring re-appropriation for next year.

(iv) *Works executed by the Board.*—The works executed by the Sanitary Board are shown in Statement D and are described below:—

(1) *Avenue Trees.*—The planting of avenue trees on both sides of the main road through the Field was extended from Champion Post Office to the Nundydroog corner, and additional trees were planted from Marikuppam Railway Station to Champion Reefs Post Office. Most of the trees planted out are in thriving condition.

The thanks of the Board are again due to the Superintendents of the Champion Reef, Mysore, Ooregum and Nundydroog Mines for their kind assistance in supplying water for the trees in spite of the scarcity of water during the latter part of the year.

(2) *Slaughter-houses.*—The nine temporary slaughter enclosures at Steven's Camp, Ooregum Camp, Ooregum shandy place and Oriental Camp erected in the previous year remained in use during the year under review. The right of collecting slaughtering fees in these enclosures was again sold by public auction.

The total amount realised was Rs. 6,633-0-8 or Rs. 715-8-0 more than in the previous year.

(3) *Improvements to Ooregum Village.*—A sum of Rs. 4,700 was spent during the year in opening conservancy lanes, forming roads, constructing V-shaped drains and culverts in Ooregum, the sanitary condition of the village being thereby materially improved.

(4) *Cattle-pounds.*—Two cattle-pounds, one at Dasarahosahalli and another at Madamangala, were repaired during the year at a cost of Rs. 141-11-4 and Rs. 101-10-6, respectively. Payments were also made during the year for the construction during the previous year of the two pounds in Champion and Oriental Camps.

(5) *Wells.*—One well was newly sunk at Malliangurki and four wells at (*a*) Betrayhalli, (*b*) Tirumalapalli, (*c*) Dodkulpalli and (*d*) Kavernhalli were repaired.

(6) *Chattram.*—The premises of Hajee's chattram in Champion Reefs was improved.

(7) *Cooly Colonies.*—During the year great progress was made in the work of removing coolies from the overcrowded and insanitary clusters of huts attached to the various villages in the Gold Field area, into colonies. These colonies have been laid out on sanitary principles with roads and conservancy lanes, each hut being separated from the next by a space of eight feet.

At Maskam 241 zinc-roof huts were erected at a cost to the Board of Rs. 12,000, *all of which are now occupied.* Land near by was also acquired and marked out in sites for another colony which is occupied by a better class of coolies; these persons pay a ground rent of 8 annas a month. In this colony the coolies erect their own huts according to a fixed plan decided on by the President. *196 sites have been built up to date.*

A similar system has been adopted near the Ooregum, Belganpalli and Pitchapalli villages.

In the former a flourishing well arranged cooly colony of *325 huts now exists.*

At Belganpalli some *80 huts* have been arranged in order, and the work of forming roads and conservancy lanes is in progress.

At Pitchapalli 591 sites have been marked out, and *293 huts were erected by the end of the year.*

From the tenants of the 241 zinc huts at Maskam cooly colony, erected at the Board's cost, a monthly rent of one rupee is levied.

From the tenants of the other colonies *a ground rent of 8 annas* a month only is collected.

The system will, it is hoped, be perfected during the current year, and latrines and bathing places supplied to all colonies.

At the New Town a colony of a somewhat superior type is in contemplation, which will be reserved exclusively for the better class of Sudras, employed as carpenters and artizans in the various Mining Camps, who are unable to find accommodation in the villages, and cannot afford to buy ordinary New Town sites or to build expensive houses.

(v) *C. Civil Charges.*—The budget grant under this head for the year amounted to Rs. 10,460. This amount, however, proved insufficient, and a further sum of Rs. 166-7-10 had to be allotted for the maintenance of three additional sweepers and one lamp-lighter.

The following statement shows the expenditure on various items as compared with that of the previous year:—

Particulars.	1900-01.	1901-02.	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	8,280 5 6	9,696 5 6	1,416 0 0	.....

(*a*) *Head Office Charges.*—The expenditure under this head represents the pay of one head clerk on Rs. 35 + 10, one deputy clerk on Rs. 15 + 10 per month, and a peon on Rs. 10 per month, with a monthly contingent allowance of Rs. 10.

(*b*) *Conservancy and Sanitary Charges.*—The amount shown under this head includes the pay and allowance of the conservancy staff employed by the Board as detailed in the following statement:—

Particulars.	No.	Pay per month.	Remarks.
		Rs. a. p.	
Sanitary Inspector	1	125 0 0 +20

Lamp-lighter on Rs. 10 a month	1	10 0 0	
Total		616 0 0	

Out of the monthly expenditure of Rs. 616, Rs. 96, the moiety of the pay of one Sanitary Overseer on Rs. 40, one Overseer on Rs. 30, one peon on Rs. 10, and 14 sweepers on Rs. 8 each, is borne by the Provincial Fund. *Vide* Government Proceedings No. 11262-5—L. F. 114-92, dated 1st April 1896.

(*d*) *Lighting.*—During the year, 18 additional lamps were put up along the main road, making by the end of the year 37 lamps in all, between Ribblesdale shaft, Mysore, and the Balaghat overbridge. The lighting continued to be done

departmentally under the supervision of the Sanitary Inspector, as no contractor could be found to undertake the work. Six lamps were also given to Ooregum village.

V. Health.

During the year under report, the health of the population in the Sanitary Board's area was fair in 35 and poor in 50 villages. On the camps it was fair.

Twenty-five villages suffered from plague, 12 from cholera and 13 from small-pox as against 32, 11 and 0, respectively in the previous year.

Plague mortality decreased in the villages from 372 to 103.

In spite of a sharp outbreak of small-pox in February 1902, and of cholera in July 1901, the total mortality in the villages decreased from 1,193 in the previous year to 808 in the year under report

In the camps, too, there was a slight decrease in total mortality from 1,121 in 1900-01 to 1.115 in 1901-0.

VI. Itineration of Sanitary Inspector and Overseers.

Statement F gives the number of villages inspected by the Sanitary Inspector and Sanitary Overseers, together with the number of houses and wells disinfected etc.

VII. Bye-laws.

At the commencement of the year, two draft Bye-laws were framed by the Board, one for enforcing carriage of lights by vehicles after dark, and use of bells for rubber-tyred vehicles; and the other for the licensing of bakeries.

These, however, were not passed by Government, and the Board was informed that they had no authority to frame such Bye-laws

In consequence of this decision progress in this direction has been negatived.

Government have been asked to either reconsider their decision or to place the Board on the same footing in respect of powers to frame Bye-laws as the Cities of Mysore and Bangalore

VIII. General Remar

During the year, there was marked progress in every department of the Board's wor

The completion of the shandy enclosure in March enabled the Board to commence levying market fees, which, while they bring in a welcome and considerable revenue to the Board, in no way press heavily on any class of people using the market.

At the start a few fees were found to be in certain instances somewhat oppressive and they were consequently reduced.

In April, at the request of many of the leading merchants, the old Pitchapalli shandy was closed as a tentative measure, the Tuesday shandy that used to be held there being changed into a Wednesday market in the Ooregum market place.

The change, while a convenience to the great majority of the people, also increases the revenues of the Board.

The system adopted for the collection of market fees is similar to the one in force at the Civil and Military Station, Bangalore. Books of one, four and eight anna and one rupee tickets are printed on colored paper for the different values. These books are kept in the office safe under lock and key by the Vice-President.

An estimated quantity of books are issued on the evening before each shandy to the Sanitary Inspector, who stamps the date of the shandy on to the number of tickets likely to be needed.

The Sanitary Inspector and his Overseers, helped by the office head clerk, collect the fees at the shandy gate, issuing tickets of the value of the fee paid to each vendor as he pays.

The next day the amounts thus collected are sent in to the office and checked by the number of tickets issued with the balance of tickets returned.

Registers are maintained in the office, showing stock of tickets in hand in the office, tickets issued of each denomination and balance returned. A register is also kept by the Sanitary Inspector, showing collection of each denomination of value made.

A perfect cross check is thus maintained, and except that it entails very heavy additional work on the executive Sanitary staff, the system has been found to work exceedingly satisfactorily.

Mr. Fairman continued to be the Board's Sanitary Inspector. His work, which included the collection of market fees and cooly colony rents as well as assisting in plague work, and fighting epidemics of cholera and small-pox, was exceedingly heavy.

I am glad to be able to record that he has discharged his duties most conscientiously and efficiently.

F. C. CARR,
President, Sanitary Board,
Kolar Gold Fields.

MGCPB—130—24-1-03.

REPORT ON THE ADMINISTRATION OF THE DISTRICT FUNDS OF THE TUMKUR LOCAL FUND CIRCLE FOR THE YEAR 1901-02.

District Fund Balance at the beginning of the year.—The opening balance at the credit of the District Funds of the Tumkur Local Fund Circle on 1st July 1901, was Rs. 39,276-13-9, of which Rs. 1,031-10-8 remained as imprest with Amildars etc.

2. *Receipts*—The receipts for the year under report consisted as usual of the proceeds from :—

(i) 76 per cent of the local cess on Land Revenue and Land Revenue miscellaneous.
(ii) Sale of stray cattle.
(iii) Fines for cattle trespass.
(iv) Fees from 3rd class travellers' bungalows.
(v) Miscellaneous.

The total receipts from the above sources during the year under report was Rs. 70,047-14-11 against Rs. 67,988-2-4 in the previous year, showing an increase of Rs. 2,059-12-7 as shown in the appended Statement A. The increase was due to the better collection of Land Revenue and to increased receipts under "Sale of stray cattle." The other items being of a fluctuating character call for no remark.

3. Including the opening balance of Rs. 39,276-13-9, the total sum available for expenditure during the year under report was Rs. 1,09,324-12-8.

4. *Expenditure.*—The total expenditure during the year under report amounted to Rs. 67,402-12-0, classified under the main heads noted below :—

		Rs.	a.	p.
(1)	Public works by Public Works Department ...	45,799	11	8
	Ditto by Revenue Department ...	6,947	2	8
(2)	Medical relief	7,719	5	9
(3)	Construction and repair of cattle-pounds ...	536	1	1
(4)	Establishment charges of travellers' bungalows and musafirkhanas	2,417	6	1
(5)	Sanitation charges etc.	988	13	3
(6)	Other items	2,994	3	6
	Total ...	67,402	12	0

5. *Original works (D. P. W.)*—The total grant for original works was Rs. 7,710 and the actual outlay thereon amounted to Rs. 5,977-3-0.

6. *Repairs (D. P. W.)*—The total grant for repair works was Rs. 31,998 and the actual outlay thereon amounted to Rs. 32,836-2-4. Out of this, Rs. 31,970-1-3 were spent on the annual maintenance of District Fund roads etc., and the remainder Rs. 866-1-1 on repairs to travellers' bungalows.

7. *Establishment etc. (D. P. W.)*—Rupees 6,792-5-3 and Rs. 194-1-1 were spent on account of establishment and for the purchase of tools and plant respectively.

8. Thus the total expenditure under Public Works Department was Rs. 45,799-11-8 (see appended Statement B.) The progress of Public Works executed by the Public Works Department in 1901-02, is detailed by the Executive Engineer in the extract from his annual report herein enclosed, marked C.

9. *Works executed by Revenue Officers.*—Rupees 3,207-3-8 were spent by the Revenue Department on original works and Rs. 1,646-0-6 on repairs, as specified in statement D appended hereto. Rs. 983-13-3 and Rs. 536-1-1 were spent on account of conservancy and sanitation, construction and repairs to cattle-pounds respectively as given in the above statement.

10. *Civil Charges.*—The items of expenditure under Civil charges amounting to Rs. 14,655-13-8 are exhibited in statement E appended hereto.

11. *Total District Fund Expenditure.*—The total expenditure under all heads during the year under report was Rs. 67,402-12-0 as shown in statement F.

12. *Closing Balance.*—If from the total assets available for the year under report *viz.*, Rs. 1,09,324-12-8, Rs. 67,402-12-0 which is the total expenditure is deducted, there remains a sum of Rs. 41,922-0-8 to the credit of District Funds at the close of the year.

13. *Hospitals and Dispensaries.*—There were 12 Local Fund Dispensaries in the District, including the Female Dispensary at Tumkur. The number of patients treated in these institutions and the expenditure debitable to District Funds are given in statement G, from which it will be seen that 152 in-door patients were treated at a cost of Rs. 507-5-8. The total number of out-door patients was 54,751, as against 50,295 in the previous year.

14. *Midwives.*—Twelve midwives were on duty during the year under report. The particulars of pay and allowance drawn and the number of cases conducted by the midwives are given in statement H.

15. *Travellers' Bungalows and Musafirkhanas.*—There were 19 third class travellers' bungalows and 24 musafirkhanas in the district maintained from District Funds, as against 19 travellers' bungalows and 27 musafirkhanas in the previous year. The musafirkhanas at Nelahal, Maddagiri and the old one at Huliyar were removed from the list of musafirkhanas during the year under report, *vide* Government Proceedings No. 2052-53—L. F. 71-94, dated 2nd August 1901. The fees collected for the occupation of these buildings during 1901-02 was Rs. 196-12-9, as detailed in the appended statement J.

16. *Vaccination.*—The pay and batta of the peon attached to the Deputy Inspector of Vaccination were met as usual from District Funds. It will be seen from the appended statement K that 9,385 persons were vaccinated during the year under report, as against 9,472 persons in the previous year. The percentage of successful cases to total operations was 97·03.

17. *Amrut Mahal Bulls.*—No expenditure was incurred under this head during the year under report.

18. *Constitution of the Board.*—The District Fund Board of this circle consisted as usual of 14 official and 7 non-official members presided over by the Deputy Commissioner and held three meetings during the year 1901-02. As there was no important business to transact, a fourth meeting was not called. The particulars of attendance etc. of members are given in the statement L.

19. *Register of Births and Deaths.*—The number of births and deaths registered during the year under report was 12,722 and 8,507 respectively as shown in statement M.

20. *Local Funds General.*—Out of the grants of Rs. 760, Rs. 2,787-2-11 and Rs. 310 sanctioned respectively in Government Proceedings Nos. 253-60—L. F. 15-99, dated 10th July 1900, 8412-20—L. F. 29-1900, dated 3rd December 1901 and 16471-79—L. F. 29-1900, dated 7th April 1902, a sum of Rs. 1984-0-2 was spent on Local Fund General well works, etc, as detailed in the statement N appended.

21. *Primary Education.*—A sum of Rs. 2,8491-2-5 was spent on 217 institutions in which primary education is imparted. The statement O appended gives particulars of strength etc. in these schools.

22. *Village Sanitation Rules.*—The Village Sanitation Rules were in force in 439 villages. The villagers are beginning to realize the importance of sanitation and the Amildars are trying their best to induce the villagers to keep their village surroundings as neat and clean as possible.

REPAIRS.

14. The grant and expenditure under this head were Rs. 31,803 and Rs. 32,836 respectively. The excess is due to the portion of outlay incurred on repairing old Taluk Cutcherry at Huliyurdurga used as 3rd class traveller's bungalow not being covered with appropriation. There is a provision of Rs. 1,293 in the District Fund Budget. But as mentioned in para 2 does not appear to have been obtained by the Deputy Commissioner. The following is the distribution of grant and outlay in terms of District Fund Budget :—

	Rs.	Rs.
Annual repairs of roads	29,698	29,763
Repairs to bridges and drains and special repairs of roads ...	1,247	914
Repairs of 3rd class travellers' bungalows in the Division	858	866
Note—Rs. 142 unappropriated—not being required.

Tumkur,
8th April 1903.

S. SESHAGIRI RAO,
ır President, Local Fund Board, Tumkur Dist.

REPORT ON THE WORKING OF THE DISTRICT FUNDS OF THE MYSORE LOCAL FUND CIRCLE DURING THE YEAR 1901-02.

1. *Constitution of the District Fund Board.*—The Board consists, as usual, of thirteen official, and seven non-official members and is presided over by the Deputy Commissioner of the District.

2. *Changes in the Personnel.*—Messrs. Ranga Iyengar and Narasimha Upadya, the non-official members of the Board who were nominated for the Heggaddevankote and Hunsur Taluks, respectively, died in 1899-00, and the question of appointing their successors was under correspondence till November 1902, when the draft rules issued under the Local Boards Regulation, No. II of 1902, announced that the District Fund Boards as at present constituted will cease on the 1st July 1903, and that new Local Boards would be constituted. Consequently the question of appointment of successors to the two deceased non-official members was deferred.

3. *Meetings.*—During the year under report, three meetings of the Board were held, the first in November 1901, the second in January 1902, and the third in April 1902. As plague was prevailing both in the City and in some of the taluks during the first quarter of the year, it was thought inadvisable to call a meeting at the time. Consequently the number of meetings held was one less than the prescribed minimum. The number of members, the dates on which the meetings were held, and the number of meetings attended by each member are given in statement No. 1.

4. *Attendance of Members.*—The average attendance of members was not as satisfactory as it was during the previous year, as will be seen from statement No. 2.

5. *Receipts and Expenditure (Abstract).*—The statement given below exhibits the income and expenditure of the Board, as compared with those of the previous year:—

Particulars.	Amount for the year 1900-01.	Amount for the year 1901-02.	Difference.

Total ..	1,16,440 9 9	1,23,814 3 6	7,375	...

Out of the closing balance of Rs. 54,720 a sum of Rs. 2,405 was held by the Amildars as imprest, and the rest in Government Treasuries.

6. *Details of Receipts.*—The details of receipts under the several heads as compared with those of the previous year, are given in statement No. 3. It will be seen therefrom that the income under all heads amounted to Rs. 75,299 against Rs. 74, 025 in the previous year, showing an increase of Rs. 1,274. The income under 'one-anna cess on Land Revenue' and 'Market fees' chiefly contributed to the increase, though the income from 'Cattle pounds' and 'Tolls' fell down. The increase under 'one-anna cess' is due to the corresponding increase of income under 'Land Revenue' in the Nanjangud Taluk, into which the Survey Settlement was introduced. The increase under 'Market-fees' is due to the collection of arrears of the previous year. The decrease under 'Tolls' is due to the non-payment of the khist amount by the contractors during the year. The decrease in the income from 'Cattle pounds' cannot be satisfactorily explained as it is a fluctuating item.

7. *Summary of Receipts.*—The Board had a balance of Rs. 48,515 at the beginning of the year. With the year's income of Rs. 75,299, the amount at the disposal of the Board was Rs. 1,23,814.

8. *Expenditure.*—The amount of expenditure incurred by the Board during the year was Rs. 69,093, leaving a sum of Rs. 6,206 out of the income, which when added to the opening balance, made it Rs. 54,721 at the close of the year. The details of expenditure under the several heads as compared with those of the previous year, are given in statement No. 4, of which the following is an abstract.

Heads.	Outlay in 1900-01.	Outlay in 1901-02	Difference.
	Rs.	Rs.	Rs.
A. Public Works carried out by Public Works Department	37,207	36,977	—230
B. Do Do by Revenue Department	12 637	15,897	+3,260
C. Civil charges	18,081	16,219	—1,862
Total ...	67,925	69,093	+1,168

9. *Expenditure on the works carried out by the Public Works Department.*—The expenditure under this head was Rs. 36,977 against the final grant of Rs. 38,497, resulting in a savings of Rs. 1,520, and it was distributed under the following sub-heads as noted against each :—

	Rs.
Original works	4,476
Repairs	26,860
Establishment charges	5,484
Tools and plant	157
Total ...	36,977

The amount budgetted for and the expenditure incurred are given in the following statement.

10. *Original works carried out by Public Works Department.*—The names of the original works carried out, the amount of the estimate of each work, the grant for the year, the outlay incurred during the year, and the total outlay up

to the end of the year are given in statement No. 5. It will be seen therefrom that five major works and two minor ones were undertaken during the year. The following remarks briefly explain the major works :—

(1) Improving Hassan, Periapatam-Cananore road :—

	Rs.
Revised estimated amount	9,965
Year's grant	...
Year's outlay	832
Total outlay	9,622

The tunnels and the road-farming were completed, and the estimate was closed. The work is reported to have been satisfactorily done.

(2) Constructing a bridge on Hampapur-Ramanathapur road .—

	Rs.
Estimate	3,73
Year's grant	2,00
Year's outlay	1,58
Total outlay	1,58

In the 6th furlong of the 7th mile of the above road, there is a deep pit or rather halla, which makes it difficult to pass on the road. In order to afford facility to the travelling public, it was proposed to construct a culvert of 6 vents and to improve the road close to it. An estimate for Rs. 3,735 was got up, and the work made a satisfactory progress.

(3) Bridging the Narsipur Chamrajnagar road.—

The improvement of the road was completed during the previous year at a total cost of Rs. 24,090. This is a road running in black cotton soil, and there are some deep hallas which if left without proper tunnels, make the road quite impassable during the rainy season. But the Board is too poor to undertake the work all at once, and their request to Government for a loan was not successful. It was therefore considered to take up the work of tunnelling or rather bridging bit by bit as funds permit. In the year under report, provision was made for constructing two bridges at a cost of Rs. 3,000, but only an expenditure of Rs. 1,586 was incurred, as the work was not completed.

11. *Special improvements of Chamrajnagar-Narsipur road.*—The rains of the year damaged the road very much, and the Board at its meeting held on the 30th November 1901 passed an allotment of Rs. 1,000 for repairing the damages. An expenditure of Rs. 669 was incurred during the year.

12. *Repairs executed by Public Works Department.*—The amount budgetted for under this head is as follows.

	Rs.
Annual maintenance of roads	24,145
Reserve grant	1,500
Total ...	25,64

But the total expenditure was Rs. 26,860, or it exceeded the grant by Rs. 1,215. The amount spent on the different items of work are as follows :—The usual repairs of roads Rs. 24,544, the special repairs of roads Rs. 1,460, the repairing of the 3rd class Travellers' Bungalows and Inspection Lodges Rs. 605, and the pay of watchmen employed in the Inspection Lodges, which is debited to this head of expenditure, Rs. 250. The total number of miles or roads maintained out of the District Funds was Rs. 353, and the amount spent for its upkeep during the year under report including the cost of special repair works was Rs. 25,005. This gives an average of Rs. 71 per mile against Rs. 67 in the previous year. The increased rate is due to the increase in the mileage allotment for Kowlande-Kollegal and Chamrajanagar-Narsipur roads from Rs. 60 to 80 in each case. Three third class Traveller's Bungalows and four Inspection Lodges were repaired during the year at a cost of Rs. 605. The name of each repair work and the amount granted and spent are given in statement No. 6.

13. *Establishment charges.*—

	Rs.
Budget grant	5,735
Expenditure	5,384
Savings	351

The amount spent on the public works (both original and repairs) carried out by the agency of the Public Works Department was Rs. 31,336. The amount charged on the Board for the establishment maintained in the Public Works Department was Rs. 5,484, that is, 17½ per cent on the outlay on the works.

14. *Tools and plant.*—

	Rs.
Budget provision	Nil
Outlay	157

The amount spent for the purchase of tools and plant was Rs. 157, showing ½ per cent on the outlay on works as per recent orders of Government.

15. Expenditure on the works carried out by the Revenue Department. The amount budgetted for, and the expenditure incurred, are given hereunder :—

	Final grant.	Expenditure.
	Rs.	Rs.
Original works and repairs ...	... 42,936	13,801
Establishment ...	... 4,294	2,091
Tools and plant ...	... Nil	5
Total	... 47,230	15,897

The large lapse of Rs. 31,333 is due to—(1) the non-receipt of bills in time from the taluks, (2) no expenditure having been incurred for roofing the platforms at Santemarahalli market, and (3) to the non-utilization of the full amount provided for village sanitary works. It is a pity that sixty-six per cent of the grant has been left to lapse, and that no satisfactory explanation is forthcoming for this state of things. The details of works undertaken are given in statement No 7.

16. *Establishment charges.*—The amount spent on account of the works carried out by the Revenue Department was as per above para Rs. 13,801, and that on account of the pay of Work Inspectors was Rs. 2,091, *i. e.*, a little more than 15 per cent. This is in excess of the maximum rate prescribed by Government, and orders have been issued to Amildars either to show better progress or to cut down the pay of Work Inspectors in equal proportions.

17. *Tools and plant*:—A sum of Rs. 5 was spent for purchasing a new tape for the use of the Work Inspector at Nanjangud.

18. *Civil charges.*—The final grant for the several items of expenditure under this head (excluding the grant made under 'repairs to cattle-pounds') was Rs. 23,612, and the outlay was Rs. 16,219, resulting in a savings of Rs. 7,393, which is chiefly under 'Hospitals and Dispensaries,' 'Midwives,' 'Conservancy and sanitary charges, and 'Contributions.' The expenditure under each head as compared with that of the previous year is given in statement No. 8.

19. *Hospitals and Dispensaries.*—The number of Hospitals and Dispensaries partly maintained from the District Funds is fifteen. The grant-in-aid of Rs. 20 per month to the 'Nikhilarogahari Dispensary' managed by Krishna Jattappa, was continued during the year. The cost per head of patients treated in the dispensaries was one anna two pies. The five students who were trained in the Indigenous Hospital at Mysore in the native medicines, and whose studies were encouraged by grant of scholarships from District Funds, were examined by a body of three examiners, and four of them secured a pass. Further particulars will be found in statement No. 9.

20. *Midwives.*—The number of midwives in this Local Fund Circle is seven, and the amount expended on account of their pay and allowance for extra work was Rs. 1,669. The number of labor cases attended by them was 263. This gives an average cost of Rs. 6⅓ per one labor case. Statement No. 10 gives further particulars.

21. *Travellers' Bungalows and Musafirkhanas.*—The number of 3rd class Travellers' Bungalows and Musafirkhanas remained the same as in the previous year, *viz.*, 32. The amount spent on account of the pay of watchmen was Rs. 2,391 and the

amount of fees collected was Rs. 179, *i. e.*, the percentage of the amount spent to the fees collected was seven. The number of halts made in each of the 3rd class Travellers' Bungalows is given in statement No. 11.

22. *Vaccination.*—Statement No. 12 shows the number of children vacccinated during the year, which was 5,028 against 4,518 in the previous year. The result is indicative of slight improvement and is satisfactory.

23. *Births and Deaths.*—Statement number 13 exhibits the number of births and deaths during the year under report as compared with that of the previous year. The number of births was 9,491 against 9,519 and of deaths 19,325 against 16,053, resulting in a net loss of 9,834 souls during the year under report. The ratio of deaths per thousand of population rose from 22 to 27 chiefly due to plague.

24. *Local Funds General.*—No new grant was sanctioned during the year, and the question of renewing the lapsed grant was under correspondence.

25. *Schools maintained out of the twenty-four per cent of the Local Cess.*—The statement received from the Inspector General of Education under the above head is enclosed, and no remarks are possible, as no more information than the mere statement is furnished by the said officer.

26. *Industrial School at Mysore.*—This institution is being maintained from Local Funds General, and a copy of the report received from the Secretary is herein enclosed.

A BRIEF REPORT OF THE MYSORE INDUSTRIAL SCHOOL FOR THE YEAR 1901-02.

I. Establishment.

There were no changes of any kind in the establishment. Abdul Khader was employed in place of Mahomed Peer, 2nd peon, who left this for employment in the Palace Battery. The post of Masonry Instructor became vacant from 17th September 1901 by the demise of K. Virappa, the permanent incumbent, and his place was not filled up for want of a competent man to look after his class for the pay of Rs. 30 sanctioned in the budget. Mr. A. S. Nagavkar, Executive Engineer, Mysore Division, was appointed Honorary Secretary.

II. Practical Instruction

The pupils went through a course of lessons in free-hand and model drawing, practical plane and solid geometry, perspective and design, from an hour to an hour and half a day, and during the remaining hours, continued their practice in one or other of the following optional branches of industry:—(1) Carpentry, and Joinery, (2) Masonry, (3) Blacksmith's work, (4) Machine work, such as Fretwork, Turning, fitting, etc., (5) Canework, (6) Pottery and modelling.

III. Strength and Attendance.

The following table furnishes details under this head:—

V. Progress of the Students.

The following table gives the results of the candidates that were sent up for the Madras Technical Examination in 1901-1902.—

April 1902	14	9	...	9	...	...

The progress of the students who did not appear for the Madras Technical Examination was also fair during the year under report.

VI. Receipts and Expenditure.

The total amount under receipts from the several classes under all the heads amounted to Rs. 487-1-10 against Rs. 1,681-1-9 in the previous year. The total expenditure amounted to Rs. 11,018-12-5 against Rs. 9,079-1-1 in the previous year. The decrease under receipts is due to a slight retardation of work experienced on account of a change in the school accommodation.

VII. School Accommodation.

The school was removed from the Hill View Building in Ittigegud to the premises known as Balaram Singh Kothi, from 1st September 1901, in accordance with Government Proceedings No. 318-21—2582-5, dated 4th June 1896. The following classes were accommodated in the main building :—(1) Drawing, (2) Masonry, 3) Machine and (4) Cane-wor

Temporary sheds were erected for the accommodation of the Carpentry, Blacksmith's and Pottery classes and also for the Tile department.

A pump which was acquired from a previous year's grant was erected over the pond to facilitate the supply of water required for the Tile department, and four small body tanks were also got ready to supply the required quantity of clay.

VIII. Night Classes for General Instruction.

Fifty-three illiterate pupils of the school attended the night classes and learnt Kannada reading, Writing and Arithmetic. This kind of general instruction really benefited those for whom it was intended and supplemented the practical training they obtained in Drawing and in the Industrial Branches.

IX. General Remarks.

The details of the career and prospects of fifteen students who left school after their course of training have already been embodied in Appendix E, columns 2, 9 and 10 of the Special Report submitted to the Inspector General of Education with this office No. 233, dated 22nd March 1900. Since then the number of students who left the School for employment after their course of training, was ten as per table included in the Annual Report for 1900-01.

The following table furnishes details of some pupils who underwent a course of training in the School and who since left for employment elsewhere in the past official year.

REPORT ON THE ADMINISTRATION OF DISTRICT FUNDS OF THE FRENCH ROCKS CIRCLE FOR THE YEAR 1901-02.

Constitution of the Board.—The Board consisted of nine official members as in the previous year, but the number of non-official members increased from five to seven, all of whom were newly appointed (*vide* Notification No. 1973—L. F. 243-96, dated 31st July 1901) in place of the term-expired members.

2. *Meetings of the Board.*—To transact the business of the Board three meetings were held during the year on the dates noted in the margin. In the meeting of the 6th August 1901, Assistant Commissioner Mr. P. Srinivasa Rao presided, owing to the absence of the President, (the Sub-Division Officer) on leave.

6th August 1901.
8th January 1902.
15th May 1902.

3. Statement A attached shows the number of meetings as well as the average attendance of members during the year under report and in the year preceding it. Of the official members the Civil Surgeon and among non-official members Mr. K. Shama Iyengar were absent from all the meetings. During the year under report the average attendance of both official and non-official members may be said to be satisfactory, being 2·18 against 1·71 in the previous year.

4. *Receipts.*—From statement B it will be observed that on 1st July 1901 there was a minus opening balance of Rs. 1,935-8-0 at the credit of the Board, and the actual total receipts for the year under all the items amounted to Rs. 42,487-3-11 against Rs. 42,020-14-3 in the year 1900-01. The small increase is what appears under the head Local Cess on the Land Revenue collection at 76 per cent for the year. The slight variations under other heads being of a fluctuating nature, call for no remarks.

5. *Expenditure.*—Out of the total budget grant of Rs. 33,696 sanctioned during the year for expenditure, a sum of Rs. 30,403-12-0 was expended under all heads, leaving Rs. 3,292-4-0 to lapse at the end of the year, *vide* statement C enclosed

A—Public Works executed by Public Works Department.

6. *Original Works.*—For want of funds no original works were sanctioned during the year under report. But the incomplete work of improving Seringapatam-Sosale-Sivasamudram road was completed at a cost of Rs. 168-4-4 without exceeding the budget grant of Rs. 177 for the same.

7. The work of constructing a musafirkhana at French Rocks was completed in the year 1898-99 and a sum of Rs. 52-1-1 due to the contractor for the said work, which had been attached by the Civil Court, was paid during the year by the Executive Engineer, for which no provision had been made in the budget. Hence the excess expenditure.

8. *Repairs.*—Out of the 21 roads that were being maintained every year at a cost of Rs. 24,395, the maintenance of the Maddur-Sivasamudram road was transferred to the Provincial Funds, *vide* Government Proceedings No. 436-39—L. F. 171-93, dated 11th July 1901. This relieved the Board of an annual expenditure of Rs. 2,900. The remaining 20 roads were maintained at a cost of Rs. 18,048-12-12 out of the budget grant of Rs. 18,180.

9. A special work, *viz.*, making good the damages done to the Mandya-Nagamangala road, being very urgent the Executive Engineer reported that it was carried out with the sanction of the Superintending Engineer at a cost of Rs. 1,066-15-11, though no provision existed for any such special repairs. Sanction of Government will be obtained for this expenditure.

10. Out of the provision of Rs. 1,000 sanctioned under "IX. Contribution" Rs. 498 and Rs. 495 were sanctioned for the repairs of 3rd class travellers' bungalows at Kikkeri and Chinkurli, respectively, but only Rs. 26-7-10 were expended on the former work.

11. Thus the total expenditure under A, including establishment charges, tools and plant, amounted to Rs. 22,847-13-4, showing a net excess expenditure of Rs. 193-13-4 over the budget grant, *vide* statement D enclosed.

B—Public Works executed by Revenue Officers.

12. *Original Works.*—The only original work sanctioned during the year was for sinking a well at Kalamudanadodi at a cost of Rs. 480, and the expenditure incurred on this work was only Rs. 141 as this was sanctioned late in the year.

13. *Repairs.*—Out of the total provision of Rs. 1,560 made for the maintenance of ten roads, Rs. 1,206-0-2 were expended on nine roads and no expenditure was incurred on the Belakavadi road, for which a provision of Rs. 60 had been made.

14. Three cattle-pounds were repaired at a cost of Rs. 412-5-5, out of the budget provision of Rs. 1,000 under this head.

15. Thus the total expenditure under B, including establishment charges which amounted to Rs. 555-15-11, was Rs. 1,903-0-1 as shown in the accompanying statement C.

16. *Civil Charges.*—The expenditure under this head was Rs. 5,240-9-2 against the budget provision of Rs. 7,875, and as this is of a fluctuating nature, it calls for no remarks.

17. *Death.*—The statement F enclosed shows that the number of deaths during the year was 6,920, being 506 more than the previous year. The mortality from cholera fell from 416 to 276 while from small-pox it rose from 404 to 731, and the ratio of deaths per 1,000 of population was 72·17 in the year under report against 69 in the previous year.

18. *Births.*—The total number of births during the year was 4,611 against 4,777 in the previous year.

19. *Midwives.*—Five midwives are employed for this circle—one for each taluk. The total number of labor cases attended to by them during the year was 217 against 180 in the preceding year. The largest number of cases attended was 83 in the Nagamangala Taluk, and the least was 15 in the Krishnarajpete Taluk, where it is reported that the midwife was on leave for more than six months. This result shows that the general public are appreciating the services of these midwives in an increasing degree.

20. *Hospitals and Dispensaries.*—There are seven Local Fund dispensaries in this Circle; two-thirds of the cost is paid for the dispensaries at Seringapatam, Malvalli and Krishnarajpete, while full cost is paid for the rest, *viz.*, Mandya, Maddur, French Rocks and Nagamangala. It will be seen from the statement H enclosed, that the total expenditure incurred for the dispensaries during the year was Rs. 2,725-11-3; of which Rs. 387-3-3 was for Maharani's Female Hospital at Mysore and Rs. 20 for the house rent paid for locating a temporary dispensary at Melkote during Viramudi jatra. The number of in-door patients treated during the year was 45 against 46 in the previous year, but the number of out-door patients treated rose from 56,164 in the year 1900-01 to 60,483 during the year. The cost per head of patients treated was $7\frac{1}{3}$ pies. This result indicates that these Medical institutions are increasing in popularity.

21. *Vaccination.*—The results of vaccination during the year compared with those of last year are shown in statement K enclosed. The total number of persons vaccinated during the year under report was 4,744 against 3,802 in the year 1900-01, of which 4,464 cases were successful and the percentage therefore of successful cases was 94·77. Out of 32 cases of re-vaccination 11 proved to be successful giving a percentage of 34·37. The highest number of cases vaccinated was 878 in the Nagamangala Taluk and the lowest was 554 in the French Rocks Sub-Taluk, where there was no vaccinator for three months during the year. The vaccination work in this Circle during the year was satisfactor-

22. *Third Class Travellers' Bungalows and Musafirkhanas.*—The number of 3rd class travellers' bungalows and musafirkhanas remained the same as in the preceding year. The amount of fees collected from them during the year was Rs. 52-9-6 and the cost of establishment of these bungalows was Rs. 597-13-5, *vide* statement L enclosed. Mr. P. Srinivasa Rao, Assistant Commissioner, was allowed by Government to occupy the musafirkhana at French Rocks by paying rent as per rules in force. The amount of rent thus realized during the year was Rs. 141 credited under the head "XVIII Miscellaneous"—rent from stage bungalows, as per Comptroller's instructions. This being a District Fund building, the rent recovered thereupon should properly be credited to the District Funds. A reference has therefore been made to the Comptroller on the subject.

23. *Schools.*—Statement M shows the number of schools maintained out of the 24 per cent of the local cess. There were two Anglo-Vernacular Schools against one in the previous year. The number of Taluk Branch Schools and Village Indigenous Schools fell from 11 and 11 to 6 and 5 respectively. The Hobli Schools remained the same as in the preceding year and a Sanskrit School was newly started in the year under report. The total strength of these schools was 3,605 against 3,937 in the year 1900-01 and the expenditure and school fees realized amounted to Rs. 15,794-9-11 and Rs. 424-4-3 against Rs. 1,635 and Rs. 486-5-3, respectively, in the preceding year.

24. *Local Funds General.*—No fresh grant was sanctioned by Government from Local Funds General for any original work. But an appropriation of Rs. 2,568-2-8 was sanctioned for certain incomplete works of previous years, of which Rs. 795-6-10 were expended as per enclosed list, and the lapse was Rs. 1,772-11-10 which includes Rs. 564-2-6 sanctioned for the repairs of the Hampè-Arasinkola at Nagamangala, as repairs could not be undertaken a second revised estimate having been submitted to Government for sanction, which was not sanctioned till the close of the official year.

REPORT ON THE ADMINISTRATION OF THE DISTRICT FUNDS OF THE HASSAN CIRCLE FOR THE YEAR 1901-02.

1. *The Constitution of the District Fund Board.*—The Board was presided over by Mr. D. Devaraj Urs as in the previous year. During the year under report, there were 13 *ex-officio* and seven non-official members on the Board. The changes in the constitution of the Board were those caused by the transfer of Mr. K. Krishnaiengar, Officiating Executive Engineer, Mr. C. A. Mahadeva Sastri having succeeded him and the appointment of Mr. Venkataramanaiya, Pleader, Hole-Narsipur, as a member of the Board in place of Mr. Sahukar Venkataramaiya of Ravanur, who forfeited his seat owing to his absense for more than three consecutive meetings, *vide* Government Order No. 8337-44—L. F. 249-96, dated 2nd December 1901.

2. *Meetings of the Board.*—During the year under report only three meetings were held as against four in the previous year. The first two meetings were held on the 24th August 1901 and 21st February 1902 respectively, and as there were few subjects of any importance for discussion in the Board, the 3rd and last meeting of the year was held on the 14th June 1902, thus making up in all only three meetings, though the prescribed minimum number of meetings is four. Statement A shows the number of meetings held during the year and the number attended by each member.

3. The appended statement B compares the receipts and disbursements under District Funds during the year under report with those of past year.

4. *Receipts.*—It will be seen from the statement that the total income under all heads under District Funds amounted to Rs. 63,486 as against Rs. 69,173 during the year previous, thus showing a decrease of Rs. 5,687. There has been a decrease of Rs. 2,084 under "76 per cent of Local Cess" of Rs. 640 under the head "Sale of stray cattle" and of Rs. 1,329 under "Fines for cattle trespass." Under the head "Tolls" the receipts were only Rs. 912-0-6 as against Rs. 2,449-9-0 in the previous year, the large difference being due to the fact that a sum of Rs. 1,549-3-6 realized during the year 1899-00 erroneously credited to Provincial Funds was transferred to District Funds during 1900-01. Thus the actual receipts from tolls during the year 1900-01 was Rs. 900-5-6, and the receipt during the year under report therefore compares favorably with those of the one preceding. There was also a falling-off of income under the head "Rangacharlu's Chattram rent" as the building was left quite unoccupied for a period of more than three months during the prevalance of plague at Arsikere.

5. *Expenditure.*—While, as noted above, the receipts have fallen off during the year under report, there has been no perceptible decrease in expenditure, the amount being Rs. 69,419 as against Rs. 69,500. As usual, the expenditure comprises the three following main heads:—

A. Public works executed by the Public Works Department.

B. Ditto by the Revenue Department.

C. Civil Charges.

6 *A. Public Works executed by the Public Works Department.*—The original budget grant under this head was Rs. 51,025 and the expenditure on public works executed by the Public Works Department has been Rs. 51,368. The Executive Engineer having represented that the original budget grant was not adequate to meet the cost of certain urgent works such as repairing the platform boat at Chikkaganni ford, the Government were requested to transfer a sum of Rs. 500 from the provision made in the budget for the fourth class musafirkhana at Kenchammana Hoskote, Manjarabad Taluk, to the grant sanctioned for works to be executed by the Public Works Department. The Government accordingly sanctioned the transfer, and this accounts for the expenditure in excess of the original budget grant. It will be thus seen that the total grant was Rs. 51,525, of which a sum of Rs. 51,368 was expended and the balance of Rs. 157 lapsed.

7. The classification of expenditure in the Public Works Department is shown below :—

Service heads.	As sanctioned in the budget	Amount as executed.		
		Original works.	Repairs.	Total.
	Rs.	Rs.	Rs.	Rs.
Communication—Original	6,000	5,899	.....	5,899
Do Repairs	37,242	.....	37,634	37,634

Tools and Plant	216	.....	.....	217
Total ...	51,025	5,899	37,634	51,368

8. *Communication, Original.*—The only work in progress under this head was the work of opening out the Saklespur-Gonibid road, 2nd section (*via* Arehalli). The following table shows the amount of estimate, the amounts allotted and spent for the work during the year, etc: —

Name of work.	Amount of estimate.	Year's allotment.	Year's outlay.	Total outlay on the work.
	Rs.	Rs.	Rs.	Rs.
Opening out Saklespur-Gonibid road *via* Arehalli, 2nd section. ...	54,690	5,000	4,807	17,762

9. *Communication, Repairs.*—The total outlay of Rs. 37,634 was incurred mostly on the annual repairs of 444 miles of road, special repairs of a few roads and repairs of 3rd class travellers' bungalows and a few ferry boats in the district. The roads were maintained in a trafficable order during the year. It may be stated that the completion of Arehalli-Bikkode road added five miles to the existing length of the roads requiring annual maintenance.

10. *B. Public Works executed by the Revenue Department.*—Out of a sum of Rs. 7,563 sanctioned under this head a sum of Rs. 500 was transferred to the Public Works Department. Thus the available grant for the Revenue Department was only Rs. 7,063, out of which a sum of Rs. 4,625 was expended inclusive of the establishment charges resulting in a lapse of Rs. 2,438. The sum of Rs. 4,625 shown as expended under "B. Public Works executed by the Revenue Department" does not include the outlay incurred out of the sum of Rs. 3,068 provided under "Conservancy and sanitary charges."

11. Statement C shows the outlay incurred on District Fund works during the year under report.

12. *Reasons for the lapse under District Funds.*—The work of constructing a musafirkhana at Kenchammana Hoskote was not taken up during the year, as a suitable site was not selected for the building. The Sub-Division Officer, Saklespur, has since selected another site and the work will be taken up shortly. I may state here that in the Hole-Narsipur Taluk there was absolutely no work executed during the year, no attempt having been made even to bring the incomplete works of previous years on to completion. I have called the attention of the present Amildar to the matter and will see that a good progress is made during the current year.

13. *Works executed under grants from Local Funds General.*—There were no grants under Local Funds General and in consequence no outlay was incurred from Local Funds General during the year under report. Some of the works were, however, allowed to continue in progress in order to avoid some amount of damage being

caused to them, and necessary funds for payment on account of work actually executed has been applied for and a separate *communication to Government already made in continuation of the previous references on the subje

vide letter No. 230—S, dated 5—10th November 1902.

14. *Hospitals and Dispensaries.*—Statement D is appended showing the details of cost incurred from District Funds on account of several dispensaries in the district. It will be seen that while the number of in-patients treated at the several dispensaries has risen from 187 to 220, the number of out-door patients has decreased during the year under report. A large falling-off in the number of patients is observable in the Hassan Female Dispensary, being 5,776 as against 8,448 in the previous year. This is due to the outbreak of plague in the Hassan town and the evacuation of the place for a period of nearly six months. There has been an appreciable increase in the number of patients treated at the Hanbal dispensary during the year under report as compared with the previous year. The cost of dispensaries under District Funds during the year amounted to Rs. 4,529 as against Rs. 4,508 in 1900-01.

There was no change in the number of institutions nor in the proportion of costs chargeable to District Funds, two-thirds of the cost of dispensaries except the pay of the Hospital Assistants being met out of District Funds in the case of all the dispensaries except the five noted in the margin, for which the full cost was borne by the District Funds exclusively.

Arsikere.
Banavar.
Yeslurpet
Hanbal.
Harnahalli.

15. *Midwives.*—Statement E shows the number of labor cases conducted by the midwives in the Hassan District. The total number was 366 as against 417 in the previous year. The cost incurred from the District Funds on account of midwives was Rs. 1,523-9-7, the midwife in the Hassan Town being fully paid by the Hassan Town Municipality as befor

A relieving midwife was not sent to the District by the Senior Surgeon though provision was made in the budget on that account. He has, however, promised to send a trained midwife to the District shortly.

16. *Births and Deaths.*—The appended statement F shows the number of births during the year as also the number of deaths from the several causes. The number of births during the year was 8,426 as against 8,596 in the year previous. The number of deaths on the other hand increased during the year to 10,775 from 10,287 in the previous year. There has been considerable decrease during the year under report of deaths from small-pox, while there has been an increase in deaths from fevers, cholera and snake-bite.

17. *Vaccination work during the year.*—Statement G furnishes details of information under this head. The total number vaccinated during the year under report was 7,338 as against 7,098 in the previous year. The increase may be noted with some satisfaction considering that plague scare to some extent interfered with vaccination work during the year. The percentage of successful cases is also satisfactory.

18. *Conservancy and Sanitary Charges.*—The budget grant under this head was Rs. 3,068, while only a sum of Rs. 884 was spent. The lapse is due to the very small progress made in the taluks to complete the existing incomplete works. In one or two instances it would appear that works newly sanctioned could not be taken up before the close of the year. Laxity in supervision such as in the case of Hole-Narsipur has also contributed to some extent, and I have issued strict orders to the Amildars in the matter. It may also be stated that there is an urgent necessity to have a definite number of a permanent staff of Work Inspectors.

19. *3rd Class Travellers' Bungalows and Musafirkhanas.*—There was no change in the number of third class bungalows in the district.

The statement H shows the number of halts made by travellers in the several bungalows during the year and the fees realized therefrom. The District Fund Board in their meeting held on 21st February 1902 resolved to send up a recommendation to Government for raising the third class travellers' bungalow at Halebid to the second class. The subject is still under correspondence.

20. *Amrut Mahal Bulls.*—As reported last year (*vide* para 21 of the Administration Report) there were two bulls one in the Arsikere Taluk and the other in the Alur Sub-Taluk. The bull in the Alur Sub-Taluk has since been sold and a sum of Rs. 20

realized by the sale credited to Government. I shall submit shortly a separate report to Government in regard to the remaining one bull in the Arsikere Taluk and as to the result of enquiry in the matter of another reported to have been killed.

21. *Village Sanitation Rules.*—Fifty-one cases involving 57 persons came up for trial before the Magistrates under the Village Sanitation Regulation from outside the limits of municipalities, as against 14 cases involving 30 persons in the preceding year. Of the accused persons 53 were convicted and the remaining four were acquitted or discharged.

22. *Education maintained out of 24 per cent of the Local Cess on Land Revenue.*—Three thousand eight hundred and thirty-two pupils, including boys and girls, received instruction in the several schools of the district against 3,965 in the preceding year.

23. A statement (J) is also appended hereto showing details of receipts and expenditure (Talukwar) of District Funds under the several heads.

24. *Conclusion.*—I think it will not be out of place to say a few words about the District Fund finances which, as I have more than once represented, are in a straitened condition. Unless some relief is given by the transfer of certain District Fund roads, such as Arsikere-Hassan road, which has acquired a Provincial importance owing to heavy traffic, for maintenance under Provincial Funds, the Board will have to content itself with merely seeing to the annual maintenance of roads by the Public Works Department and the up-keep of some hospitals and dispensaries. The Government were pleased to order on a reference made by this office, that a retrenchment of the mileage allotment would answer the purpose. This was done temporarily for a year, but the condition of the roads would of course be bad, necessitating the adoption of the original allotment.

I think I have made out a clear case in my No. 637, dated 10th April 1902, for the transfer of certain roads mentioned therein, such as Arsikere-Hassan road, etc., to Provincial Funds, and unless Government will kindly see their way to sanction their proposal, I am afraid that the balance will not only soon dwindle itself but also prevent the Revenue Department, as has been the case for some years, to take up any original work however necessary.

I have to add a few lines regarding the Work Inspectors, but I shall make a separate reference in the matter.

K. CHANDY,

K.—Statement showing Outlay on Works executed from Local Funds General during the year 1901-02.

Taluk	Town or village	Description of work	Amount of Estimate	Amount expended during 1901-02	Remarks
					As there were no new grants under Local Funds General during the year nor the grants of previous years renewed for appropriation during the year no expenditure was incurred from Local Funds General though some of the works were allowed to continue in progress. Hence payment has to be made for works actually executed.

No. 412—Secy

OFFICE OF THE PRESIDENT OF THE
DISTRICT FUND BOARD, HASSAN DISTRICT,
Dated Hassan, 18—19th February 1903.

FROM

D. DEVARAJ URS, ESQ.,
President, District Fund Board, Hassan.

To

H. V. NANJUNDAYYA, ESQ., M.A.,M.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Gen. & Rev.
Depts.

SIR,

Adverting to para 20 of the District Fund Administration Report for 1901-02, submitted with my letter No. 267—5, dated 22nd November 1902, I have the honor to state that 7 cows were covered during 1901-02 by the Amrut Mahal bull existing in the Arsikere Taluk, producing four he-calves and three she-calves.

2. As to the other bull stated to have been killed, I beg to state that the bull in question was given over to the care of H. Dasappa, shanbhog of Arsikere, in the year 1895. Dasappa having sold his cattle to Venkatadasappa, shanbhog of Kondavagil village, the bull in question went to the possession of Venkatadasappa who undertook to feed the same and furnish the necessary accounts. It is understood that the bull subsequently died accidentally and I have issued orders to the Amildar to get its skin and its horns to be sold in public auction and the proceeds credited to District Funds.

I have the honor to be,
Sir,
Your most obedient Servant,

D. DEVARAJ URS,
President, District Fund Board, Hassan.

REPORT ON THE ADMINISTRATION OF THE LOCAL FUND CIRCLE, SHIMOGA, FOR THE YEAR 1901-02.

I have the honor to submit herewith annual statements as noted below together with the following Report of Administration of the Local Fund Circle of Shimoga for the year 1901-02.

PART I.

5 Forms A, B, C, D and E.
1 Statement showing the District Fund works executed by the Public Works Department, marked F.
1 Extract from Public Works Progress Report, marked G.
1 Statement showing the Talukwar receipts for 1901-02, marked H.
1 Statement showing the details of expenditure incurred by the Revenue Department, marked I.
1 Statement of expenditure Talukwar under Civil Charges, marked J.

PART II—LOCAL FUNDS GENERAL.

1 Statement of expenditure incurred from Local Funds General, marked K.
1 Statement showing the particulars of incomplete works under Local Funds General, marked L.
1 Statement of Educational statistics, marked M.

13

PART I.—DISTRICT FUNDS.

Constitution of the Board.

2. The District Fund Board of this Circle consisted as usual of 14 official and 7 non-official members.

Board's meetings.

3. Form A.—Four meetings were held during the year under report, presided over by the President in all but one. The average attendance among the official members can be taken as three and that among the non-official members as two. To some extent plague interfered with the attendance of the members at the meetings.

Funds at the disposal of the Board.

4. According to the Comptroller's account for 1900-01, the opening balance at the credit of the Board on 1st July 1901, amounted to Rs. 31,914-6-9, which, together with the receipts under different heads during the year amounting to Rs. 81,142-8-7, gives a total income for the year of Rs. 1,13,056-15-4 or Rs. 9,774-5-0 more than that of the previous year as exhibited in the subjoined comparative statement:—

5. The decrease is under the heads "Fines for cattle trespass" "Ferry collections" and "Tolls." The first is always a fluctuating item. The collections under the other two heads fell off during the year as plague interfered with the traffic.

6. The total expenditure under all heads aggregated to Rs. 75,395-0-11, as against Rs. 71,968-3-6 in the year 1900-01, as detailed in the following statement :—

7. Statements F. and I. enclosed, furnish particulars of public works executed by the Public Works Department and the Revenue Department, respectively. An extract from the Public Works Department Administration Report, explanatory of the former, is also appended. As regards the latter, it may be observed that out of 19 original works, 10 were completed and the remaining 9 were under progress. Thirty-seven works out of 44 under "Repairs" were completed during the year under report and the remaining 7 remained incomplete at the close of the year. An outlay of Rs. 147-1-2 was incurred

on the "construction and repairs of cattle pounds and Rs. 372-4-0, on "other items." Accordingly the total amount expended by the Revenue Department under these heads was Rs. 7,234-12-9 against the sanctioned grant of Rs. 18,286-0-0, thus resulting in a lapse of Rs. 11,001-3-3 out of the entire grant. The Amildars in the district have been strictly warned on this subject and have been directed to see that works are promptly executed without giving occasion to allotted grants to get lapsed.

Civil charges.

8. Though there was a slight increase under the heads "IV Midwives" and "V Sweepers for 3rd class travellers' bungalows," there was a net decrease of Rs. 625-9-3 in the total expenditure under this head during the year as compared with that of the previous year.

Dispensaries.

9. The number of dispensaries remained the same as in the previous year, the total outlay incurred on this account from District Funds amounting to Rs. 3,581-1-9 or Rs. 279-13-3 less than in 1900-01, due to decrease under dieting charges and furniture.

10. The number of patients, in-door as well out-door, treated at the several Local Fund dispensaries were 39 and 94,060, during the year against 49 and 68,871, respectively, in the year previous. There was a decrease in the number of in-door patients by 10 and an increase in the number of out-door patients by 25,179. It is satisfactory to note that 11,733, patients were treated in the female dispensary at Shimoga, two-thirds cost of the maintenance of which is borne by the District Funds under Government Proceedings No. 8945-47—L. F. 206-93, dated 11th December 1901. The increase in the number of out-door patients may be put down for a greater belief in the efficiency of the treatment afforded them at the hands of the Hospital Assistants in charge of the Local Fund dispensaries. The cost per head of patients treated was 7 pies during the year against 11 pies in the previous year.

11. The annexed table shows the number of major and minor operations performed and the *post mortem* examinations conducted by the Hospital Assistants during the year under report.—

12. The outlay incurred under this head exhibits an increase of Rs. 112-15-7, due to the extra expenditure on account of a midwifery pupil undergoing training at the Maternity Hospital, Bangalore. The subjoined statement furnishes particulars of work performed by the midwives in the district :—

7	Kallurkatte	26	22	4
8	Tirthahalli	31	23	8
	Total ...	472	396	76

13. The increase of Rs. 80-11-9 under this head was due to the entertainment of a care-taker to the 3rd class travellers' bungalow at Siralkoppa and of two sweepers to the musafirkhanas at Anantapur and Benavalli in the Sagar and Nagar Taluks, respectively.

Third class travellers' bungalows and musafirkhanas.

14. The total expenditure under this head was Rs. 155-3-4, including the pay of the conservancy sweepers at Aynur and Kudli. A portion of the grant has been utilised for other purposes.

Conservancy and sanitary charges.

15. Form D.—The number of persons vaccinated during the year was 2,262 against 1,724 in the year 1900-01, as per Talukwar details in the following statement :—

Refunds.

18. A sum of Rs. 54 was refunded to the widow of the ferry contractor of the Tungabhadra river at Honnali, being the amount recovered in excess towards the value of the ferry boats supplied to him by Government.

Contributions.

19. The outlay of Rs. 815 under "Contributions" represented the amount credited to the Public Works Department from time to time on account of the District Fund quota of the cost incurred for repairing the several Local Fund dispensaries in the district.

Commission to pound-keepers and cost of feeding impounded cattle.

20. The increase of expenditure by Rs. 110-1-6 under these two items during the year under report was due to their fluctuating character.

Mileage to Local Fund Board Members

21. There was an increase of Rs. 23-12-0 under this head during the year under report, and the excess expenditure was due to the better attendance of the non-official members at the Local Fund meetings.

Amrut Mahal bulls.

22. There were no Amrut Mahal bulls belonging to the Board in the District during the year under report.

Village sanitation.

23. The Rules under the Village Sanitation Regulation of 1898 were in operation in all villages of the district containing more than 100 houses. The results of the operation of these rules are shown in the annexed statement :—

Statement of births and deaths.

24. Form B.—The number of births in the rural circles during the year under report was 8,377 against 9,665 in the previous year, and the number of deaths was 12,463 in the year under report against 11,707 during 1900-01. It is satisfactory to note that cholera, which did much havoc during 1900-01 and carried away 2,054 souls, appeared only in a mild form during the year under report. There was, however, an increase of deaths under "fevers" and "other causes" generally throughout the district.

Village School Fund.

25. According to information furnished by the Inspector General of Education in Mysore, there were 208 schools in the district during the year under report against 204 in the previous year, with a total student population of 6,202 or 5,554 boys and 648 girls. In spite of the increase by four in the number of schools during the year under report, there was still a decrease in the student population by 612. This may be attributed to the general prevalence of plague throughout the district which interfered a good deal with the regular attendance of students. The total expenditure incurred was Rs. 27,136-0-6, the fees levied yeilding Rs. 498-8-3.

Part II.

Local Funds General.

26. Statements K and L.—The grants made under this head were Rs. 3,534 for new works and Rs. 3,556 for incomplete works of previous years as per Government Proceedings Nos. 18405-6—L. F. 29-1900 and 8142-20—L. F. 29-1900, dated 22nd May 1902 and 3rd December 1901, respectively. Under the former grant, works to the extent of only Rs. 246 were carried out as the official year had almost come to an end when Government sanction was received; and under the latter grant, a sum of Rs. 530-0-1 was worked out. The balance under the two heads was allowed to lapse, with the result that two works were completed and seven left incomplete.

27. The works executed by the Revenue Department during the year were inspected by the President, the Sub-Division Officer and Assistant Commissioners during their periodical tours, the results of their inspection being embodied in the quarterly statements submitted to Government from time to time. The year's expenditure was fully within the year's ordinary income. There was a surplus of Rs. 5,747-7-8, which with the previous opening balance of Rs. 31,914-6-9 gives a credit balance of Rs. 37,661-14-5, as per Comptroller's Preliminary Accounts at the end of the year under report.

G.—Mysore P. W. D., Shimoga Division.—Annual Progress Report for 1901-02.

* * * * * *

33. *Local Funds General.*—Budget grant with usual establishment charges under the head for the only one work, viz., bridging and gravelling Tirthahalli-Hulikal road, was Rs. 5,900. Since the project was required to be re-surveyed here and there and consequently could not be matured, the grant was resigned by re-appropriation.

39. *District Fund.*—The grant sanctioned from time to time by Government in the General Department for the works under this Budget to be carried out by Public Works Department during the year, aggregated Rs. 59,066, but that included in the Public Works Budget was only Rs. 54,280; the difference of Rs. 4,786 being the amount subsequently supplemented as below by the recommendation of the District Fund Board:—

	Rs.
Supplemental Budget sanctioned in Government Proceedings No. 14134-46—L. F. 7-1901 of 26th February 1902.	6,286
Re-appropriation statement sanctioned	—1,500
Total ..	4,786

Out of the above final grant of Rs. 59,066 an outlay of Rs. 54,933 was incurred, resulting in a lapse of Rs. 4,133 or 6·9 per cent of the entire grant. The cause of this will be found under the respective service heads.

40. The classification of the outlay of Rs. 54,933 referred to above, by service heads, is given below:—

	Rs.
Original works : Communications etc.	15,314
Repairs	31,269
Establishment at 17½ per cent	8,147
Tools and plant at ½ per cent	233
Total outlay ...	54,933

41. *Original Works : Communications.*—The grant under this head, including supplemental grant sanctioned, was Rs. 17,000+1,440=13,440 against which an expenditure of Rs. 15,314 was incurred. Of the above outlay Rs. 1,367 was spent on opening out new road, Rs. 4,834 on improvement to the existing ones by metalling, Rs. 6,272 in constructing bridges and tunnels where necessary, Rs. 257 in supplying new dugouts for river crossings, and Rs. 2,581 for improvements to buildings (chatram and bungalows.) There were 15 works in hand during the year, of which 10 were minor, the rest major. More important ones deserving mention are detailed below.

42. *Constructing 3 Bridges on Ananthapur-Tirthahalli road.*—This is an incomplete work of 1896-97. The project consists of constructing three bridges, one across Sunkadahalla, one across Kushavatihalla and the other across Nowtoorhalla. Last year the first one was completed and thrown open for traffic, and the second one was also completed except approach roads, parapets and coping. During the year the remaining works of the second bridge were completed and the bridge opened for traffic. Work for the third bridge was ordered to be commenced only after the second bridge was fully completed. Hence it was taken up rather late in April 1902, after the revised estimate was sanctioned. Foundation of right abutment was excavated up to the sanctioned depth; but before filling concrete, heavy floods passed in the halla and stopped the work. Lapse of Rs. 3,000 was therefore unavoidable.

	Rs.
Estimate ...	48,700
Year's grant ...	8,000
Year's outlay ...	5,010
Total outlay ...	38,474

43. *Opening out Road from Malur to Mahishi.*—Greater part of the road work and construction of tunnels were completed last year. Spreading and consolidation of gravel, turfing embankments in places where needed were carried out during the year. Construction of a tunnel near Malur was almost completed.

	Rs.
Estimate ...	6,471
Supplemental ...	2,758
Total ...	9,229
Year's grant ...	1,500
Year's outlay ...	1,367
Total outlay ...	8,642

44. *Completing the metalling of Chitaldrug-Benkipur Road.*—Estimate was sanctioned in June 1901, collection of metal was put in hand early in July 1901, and completed before May 1902, expecting rains for consolidation.

		Rs.
Estimate	...	3,602
Year's grant	...	2,500
Year's outlay	...	2,492
Total outlay	...	2,492

45. *Flagging the floor of Courpalais Chattram at Shimoga.*—Work estimated was completed at a cost of Rs. 2,300 and the savings utilized for white and colour washing at the desire of the President of the Board. The building was handed over to the Civil Department.

		Rs.
Estimate	...	2,591
Year's grant	...	2,591
Year's outlay	...	2,581
Total outlay	...	2,581

46. *Completing the metalling of Sagar-Siralkoppa Road.*—Work was fully completed last year. Savings of Rs. 700 was ordered by the Superintending Engineer, with the approval of the President of the Board, to be utilized for manufacturing seven stone rollers. Six of them were got prepared during the year and the remaining one was in hand. This will be completed early in August 1902.

		Rs.
Estimate	...	13,032
		3,250
		16,282
Year's grant	...	700
Year's outlay	...	600
Total outlay	...	16,138

47. *Main Works.*—Out of 10 works under this head 9 were completed and one was in progress, *i. e.*, metalling Chitaldrug-Benkipur road over Danawadi tank.

48. *Repairs: Communication.*—Grant under this head, *viz.*, Rs. 29,000, was subsequently modified to Rs. 31,410 against which an outlay of Rs. 31,239 was incurred resulting in a small lapse of Rs. 171. Of the above outlay Rs. 29,646 were spent on maintenance and special repairs of roads and the rest in repairing third class travellers' bungalows, inspection lodges situated on District Fund roads, and dugouts for ferries. The length of road maintained during the year was 450 miles at an average rate of Rs. 65-68 against Rs. 60 provided in the budget. Excess in mileage rate was due to Rs. 2,410 sanctioned in Government Proceedings No. 8098-8100—L. F. 7-98, of 25th November 1901, to recoup mileage rates temporarily reduced for certain roads. The roads were maintained in as good order as possible during the year.

REPORT ON THE ADMINISTRATION OF DISTRICT FUNDS OF THE KADUR CIRCLE FOR THE YEAR 1901-02.

1. The Board consists of eighteen members (eleven official and seven non-official) and is presided over by the Deputy Commissioner as President.

2. Mr. H. H. Sparkes, continued as President up to 8th May 1902 when he was succeeded by Mr. B. G. Krishnaiengar, who assumed charge of the District on the 9th May 1902.

No changes occurred amongst the non-official members during the year.

3. Three meetings were held during the year against five in the previous year on the dates noted below :—

First on 26th August 1901.
Second on 10th January 1902.
Third on 30th June 1902.

As there were no subjects for the Board to discuss, no meeting was held either in March or April 1902.

The first and the second meetings were presided over by Mr. H. H. Sparkes, and the third by Mr. B. G. Krishnaiengar.

4. The enclosed statement Form A shows in detail, the names of members, the number of meetings held and the attendance of each member.

A—Statement showing the list of members, the meetings held, and the attendance of members of the Local Fund Committee of Kadur District for the year 1901-02.

1. Attendance ...	41	13
2. Average	13·6	4·4

The Amildar of the Tarikere Taluk was the only official member who absented himself from all the meetings. He was on his way to Chikmagalur to attend the first meeting when he was detained at Santaveri for the detection of a dacoity case. At the time of the second meeting he was at Bargenahalli making arrangements in connection with plague preventive measures, and he was absent on leave at the time of the third meeting. Mr. M. Ganesha Rao and Mr. P. Ranganna were the only non-official members who attended all the meetings regularly.

6. The annexed Form B gives the particulars of births and deaths from various causes outside the Municipal limits and compares with the result of the previous year :—

9. In respect of income under "District Funds," the year under report was favorable when compared with the previous year, as there has been a net increase of Rs. 2,439-13-5 under almost all the heads of receipts, mostly being under 76 per cent of local cess credited to District Funds.

10. The decrease under "Fines" for cattle trespass of Rs. 881-3-6 was chiefly due to the spread of plague in almost all the places, and the people having had to evacuate the houses and camp out with their cattle.

11. The other items of small decreases and increases being fluctuating call for no special remark.

12. As has already been stated in para 8 the amount actually available at the disposal of the Board for expenditure was Rs. 44,429-15-2 against Rs. 41,990-1-9 of the previous year.

13. The details of expenditure are given in the accompanying statement D.

18. For want of sufficient funds no new works were undertaken during the year and consequently there was a decrease of Rs. 661-4-7 in the expenditure on works undertaken by the Revenue Department, only Rs. 441-11-1 being spent on works during the whole year.

I—Head Office.

19. The total expenditure of Rs. 1,036-11-0 represents the moiety of the pay, travelling allowance, contingencies, and furniture of the District Office establishment. The slight decrease under this head calls for no remarks.

II—Medical Scholarships.

20. An expenditure of Rs. 849-2-1 was incurred by the Kadur Local Fund Board towards the proportionate cost of Medical scholarships granted to pupils undergoing training in the Madras Medical College. Budget provision being found deficient, Government in their Order No. 2755-6—L. F. 55-98 of the 26th August 1902, sanctioned, on being addressed, an appropriation of the sum of Rs. 305, being the excess cost of the additional scholarships, granted to certain Mysore pupils undergoing training in the Madras Medical College from the savings effected in the budget grant for 1901-02, under A. Public Works by Public Works Department.

III—Hospitals and Dispensaries.

21. The number of dispensaries stood the same as in the last year. The enclosed statement G shows the details of cost incurred from District Funds and the number of patients treated in each Dispensary. The total cost incurred from District Funds during the year amounted to Rs. 7,025-13-8 against Rs. 7,083-7-3 during the year previous.

22. The number of patients treated, etc., cannot here be stated as the required statement has not yet been received from the Senior Surgeon's office. However, statement G is herein enclosed showing the figures of the last year. It may be noted here that on the recommendation of the Senior Surgeon and Sanitary Commissioner, Mysore Government, the construction of a dispensary building at Sakrepatna at an estimated cost of Rs. 8,395 was proposed, but both the Municipal and District Fund Boards being quite unable to meet their share of contribution, it was finally settled that the old travellers' bungalow used as an inspection lodge, may, as a temporary measure, be used for the dispensary. The building is now under necessary repairs, and soon after its completion, it will be used as a dispensary —Government Order No. 19123-5—L. F. 163-96, dated 11th June 1902.

23. The Lady Apothecary in charge of the Female Dispensary at Chikmagalur, who was hitherto given a charge allowance of Rs.10 was, as per Government Order No. 8327-29—L. F. 291-96, dated the 2nd December 1901, given an enhanced allowance of Rs. 15 per month, Chikmagalur being a semi-malnad place.

IV—Midwives.

24. There were six midwives during the year against 4 in the preceding year. The extra two midwives (one for Chikmagalur and the other for Koppa), came from the Madras Maternity Hospital. Hence the increase of Rs. 222-4-1 under this head.

The total expenditure was Rs. 1,220-13-2 during the year against Rs. 998-9-1 in the previous year. The number of cases attended by midwives, etc., cannot here be stated as the necessary information due from the Senior Surgeon and Sanitary Commissioner has not yet been received. Statement H showing the figures of last year, is given below.

VI—Conservancy and Sanitary charges.

26. A sum of Rs. 1,215-6-5 was incurred towards the charge against Rs. 1,244-13-4 of the preceding year. The decrease of Rs. 29-6-11 was due to certain reductions during the year among sweepers in the district.

VII—Vaccination.

27. A sum of Rs. 95-1-0 was paid from District Funds as pay and batta to the peon attached to the Deputy Inspector of Vaccination. Statement J shows the number of persons vaccinated in the rural parts outside the Municipal limits during the year, 5,027 cases against 5,050 of the previous year.

IX—Contribution.

28. A sum of Rs. 1,378-13-4, as per Comptroller's figures, was transferred to the Public Works Department as contribution from District Funds towards the repairs and construction of the following Dispensary buildings :—

		Rs.	a.	p.
1.	Repairing Dispensary building at Tarikere ..	... 181	0	0
2.	Do do at Mudgere ..	... 71	0	0
3.	Do do at Sollebyle ...	... 20	0	0

	Total	... 1,393	13	4

Rupees 15 out of this, being the amount of contribution towards the construction of the Dispensary building at Koppa, remains to be adjusted by the Comptroller in his accounts for June 1902 (final).

X—Miscellaneous—Mileage to Local Board Members.

29. Rupees 354 were paid to the members of the Local Board as mileage. A sum of Rs. 148-12-0 was incurred in excess over that of the year previous. This was due to the arrears of mileage given to Mr. C. Kuppasami Pille, a member of the Board, during the year.

The amounts paid were as follows :—

	Rs.	a.	p.
Mr. Chennakesava Rao	148	0	0
„ C. Kuppasami Pille	172	0	0
„ M. Ganesha Rao	34	0	0
Total	... 354	0	0

X—Miscellaneous Other items.

30. The expenditure under other sub-heads, being small and fluctuating, calls for no special remark.

31. During the year under report, on the recommendation of the District Fund Board, Government in Order No. 860—R. F. 86-95, dated 19th August 1901, were pleased to sanction the conversion of parts of the old Taluk Cutcherry at Hariharpur into a musafirkhana and a school.

PART—II.

1. The 24 per cent of the one-anna cess on Land Revenue and Sayer assigned for Primary Education amounted to Rs. 14,451-15-7 against Rs. 13,828-14-5 in the previous year.

2. Rupees 256-12-6 were recovered as school fees against Rs. 417-12-7 of the previous year. There was thus a sum of Rs. 14,708-12-1 available for expenditure in the year under report.

3. A sum of Rs. 10,159-4-2 was spent towards the establishment charges as per details given below :—

		Rs.	a.	p.

PART III—LOCAL FUNDS GENERAL.

1. A sum of Rs. 3,283 was sanctioned in Government Order No. 8412-20—L. F. 29-1900, dated 3rd December 1901, to push on to completion some of the incomplete works of the previous year, and a further grant of Rs. 578 was also sanctioned in Government Order No. 17719-20—L. F. 61-99, of the 5th May 1902, towards the original work of constructing a well at Bisalehalli in the Kadur Taluk. There was thus a total grant of Rs. 3,861 available for expenditure during the year.

2. An outlay of Rs. 1,922-4-2 was incurred on works incomplete as well as original, as per detailed statement L hereto attached, leaving a balance of Rs. 1,938-11-10 which has to lapse to Government. The lapse was due to the grants having been sanctioned rather late during the year and also to the contractors not

procuring coolies for collecting necessary materials, etc. Some of the contractors who came forward and took up the works, deserted on account of plague, leaving the works partly handled and the services of fresh contractors could not be got.

B. G. KRISHNAIENGAR,
President, L. F. Board, Kadur Circle.

REPORT ON THE ADMINISTRATION OF THE DISTRICT FUNDS OF THE CHITALDRUG DISTRICT FOR THE YEAR 1901-02.

I have the honor to submit the following report on the administration of the District Funds of the Chitaldrug Local Fund Circle for the year 1901-02.

2. *Constitution of the Board.*—The District Fund Board, which was presided over by the Deputy Commissioner, consisted of 19 members, 12 *ex-officio* and 7 non-official. The *ex-officio* members consisted of the Deputy Commissioner, the Executive Engineer, the two General Assistant Commissioners, the Assistant Surgeon, and the 7 Amildars of the District. The Deputy Amildars of Sub-Taluks attend the meetings of the Board, but have no power to vote. Of the 7 non-official members. 6 were nominated by Government and one was elected by the Inamdars of whole villages in the District. All the members hold their office for a term of five years. During the year under report, Mr. T. Swamirayachar was elected on behalf of the Inamdars in the District, *vice* Mr. Chikkerahalli Srinivasadasaru, who vacated his seat by efflux of time. In December 1901, Mr. Gurupadappa of Davangere died, and in his stead another influential merchant and landholder, Mr. Shadaksharappa of the same place, was appointed.

3. *Meetings convened.*—Form A attached hereto shows that as in the previous year, four meetings of the Board were held on the dates noted in the margin. The attendance of the non-official members was satisfactory.

10th August 1901.
30th November 1901
10th February 1902.
2nd June 1902.

4. *Balance at the beginning of the year.*—Including a sum of Rs. 1,950 which remained as imprest in the hands of Amildars, the opening balance at the credit of the Board on 1st July 1901 was Rs. 26,695-1-4.

5. *Receipts.*—The District Fund income is derived from the following sources:—

I. 76 per cent of the Local Cess on Land Revenue and Land Revenue Miscellaneous.
II. Sale of unclaimed stray cattle.
III. Fines for cattle trespass.
IV. Fee from 3rd class travellers' bungalows
V. Private contributions.
VI. Ferry collections.
VII. Miscellaneous.

6. The total revenue realised from these sources during the year under report was Rs. 42,012-0-3 as against Rs. 41,762-5-6 in the previous year, showing a net increase of Rs. 249-10-9 as shown in the subjoined comparative statement:—

No.	Particulars.	1900-01.	1901-02.	Difference.	
				Increase.	Decrease.
		Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
1	76 per cent of Local Cess on Land Revenue ...	33,008 2 1	33,672 10 8	664 8 7	...

3	Fines for cattle trespass	5,572 9 7	5,143 6 10	...	429 2 9
4	Ferry collections (tolls)	380 0 0	380 0 0	...	...
5	Fees from 3rd class travellers' bungalows ...	304 12 7	226 8 6	...	78 4 1
6	Contributions	1,426 14 9	1,240 9 9	...	186 5 0

	Total ...	41,762 5 6	42,012 0 3	943 6 7	693 11 10
	Net Increase ...		...	249 10 9	

7. It will be observed that there was an increase of Rs. 664-8-7 under receipts from 76 per cent of the Local Cess on Land Revenue allotted to District Funds, which was the result of extension of cultivation and consequent improvement of revenue from land. The sale of stray cattle brought in an enhanced revenue of Rs. 84-5-2, while the receipts from fines for cattle trespass diminished by Rs. 429-2-9. These and the other items are of a very fluctuating character.

8. *Total assets.*—Including the opening balance referred to in para 4 above, the assets available for expenditure during the year under report amounted to Rs. 68,707-1-7. (*Vide* Statement B.)

9. *Expenditure.—Statement F.*—The total expenditure during the year under report amounted to Rs. 45,345-8-5 as classified under the mainheads noted below:—

		Rs.	a.	p.

14. *Closing Balance.*—Deducting the total expenditure from the total assets available for the year under report, *viz.*, Rs. 68,707-1-9, there remained at the close of it a balance of Rs. 23,361-9-2 including the sum of Rs. 1,875 which remained as imprest with Amildars.

15. *Hospitals and Dispensaries.*—A Local Fund dispensary is maintained at the head-quarters of each of the taluks and sub-taluks except Chitaldrug, where there is a Civil Hospital maintained from Provincial Funds. In addition to these, there is a dispensary at Malebennur in the Harihar Sub-Taluk. Altogether there are 10 dispensaries in the District, and their cost debitable to District Funds amounted to Rs. 3,012-4-0 in the year under report. The number of patients treated in these institutions was 197 in-door and 41,060 out-door. The cost of the in-door patients amounted to Rs. 250-5-1 or Rs. 1-3-5 per patient on an average (see Statement G). A statement (M) showing the savings under contingencies creditable to the Medical Budget under Government Proceedings No. 485-90—15, dated 24th April 1888, is appended hereto.

16. *Midwives.*—There were ten midwives on duty in the District. The place of relieving midwife which was vacant for a long time, was filled up in April last. Their pay and allowances chargeable to District Funds amounted to Rs. 808-6-9. The number of labor cases attended by them during the year under report was 469 as particularised in the margin. Challakere shows the smallest number of labor cases owing to the midwife's place there having been kept vacant for about four months.

17. *Travellers' Bungalows and Musafirkhanas.*—There were 13 third class travellers' bungalows, 20 musafirkhanas, and 6 rest houses for the accommodation of travellers. The income from fees for occupation of the bungalows amounted to Rs. 226-8-6, and the total expenditure under this head to Rs. 1,886-6-7, as detailed in Appendix H

18. *Vaccination.*—There are 9 vaccinators in the District paid wholly from Provincial Funds. Only the pay and batta of the peon of the Deputy Inspector of Vaccination are debited to District Funds. Out of 6,708 cases vaccinated, 6,257 cases were successful. For details, *vide* Statement I.

19. *Amrut Mahal Bulls.*—Amrut Mahal bulls for breeding purposes were not applied for during the year.

20. *Vital Statistics.*—Statement J appended hereto shows that excluding Municipalities, there were 8,355 births and 5,043 deaths in the District during the year, as against 7,068 and 8,069 respectively in the year 1900-01.

21. *Primary Education.*—Twenty-three aided village indigenous schools with a strength of 267 pupils, 6 Branch Schools with a strength of 211 pupils, one Sanskrit School with a strength of 25 boys, and 138 Hobli Schools with a strength of 5,245 pupils were maintained at a total cost of Rs. 16,467-10-11 out of the 24 per cent of the Local Cess allotted to primary education, *vide* Statement K.

22. *Village Sanitation Regulation.*—In accordance with Government Proceedings No. 4319-28—L. F. 86-97, dated 28th September 1899, the rules under the Village Sanitation Regulation have been introduced into 324 villages containing more than 100 houses. For breaches of these Rules, 24 persons were tried with the result that 10 were discharged and the rest were convicted as noted in the subjoined statement:—

No.	Taluk.	Number of villages into which the rules have been introduced.	Number of persons tried.			Amount of fine levied in case of conviction.
